Property Values in GC Up \$10 Millions

Assessor Sets Total
\$4 Million over '67
Review Board Figure

Granite City property assessment of \$171,205,970 for the 1968 tax year—up nearly \$10 million over the locally-fixed valuations of a year ago—have been extended by the office of Granite City township assessor James Barton, it was announced Friday.

The new local assessment is an increase of \$4,229,585 over the final valuation of \$166,976,285 established for the 1967 tax year by the Madison county Board of Review after the board increased Granite City local assessments to meet requirements of the Illinois State Department of Revenue.

Much of the increase in the new assessment, extensions is reflected in personal property assessments which total \$75,921,600 for the 1968 year, compared to \$72,841,310 last year.

Lots Values Higher
The new assessment on lots has been set at \$80,661,700, Barton said. Last year the assessment on lots and improvements was fixed locally at \$74,235,940, but it was this category of property that came in for most of the valuation increase ordered by the review board to help maintain a state multiplying factor of 1.0 on all Madison county assessments. The new assessments also are subject to change by the Board of Review.

Barton's new assessment on Granite City lands is increased only slightly, set at \$14,585,170 compared to \$14,208,450 last year. Locally assessed railroad property is unchanged at \$27,300. Virtually all railroad property is assessed by the state and is not included in local valuation figures.

A reduction of \$166,450 in personal property assessment of autos is shown in the new valuations, although 1968 figures show 13,919 cars valued at \$24,560,000 compared to 11,456 last year. Autos have been assessed at \$2,364,500 for the 1968 year, compared to \$2,300,000 a year ago.

Barton said a valuation of \$622,500 has been set on trucks and trailers for the current year, up slightly from the \$617,000 assessment on 947 trucks and trailers last year.

Increase Machinery Values
Largest personal property item is this year's assessment of \$41,102,060 on machinery and

Rt. 203 Jr. High, Norwood Grade School Under Study

The role of Granite City high school is one of the chief decisions facing school officials as they prepare to discuss citizens' recommendations at 7:30 p.m. Wednesday.

Proposals received last week called for a 40-cent increase in authorized tax rate for the education fund, and a rate increase of about 25 cents in the building fund to finance two grade schools, a junior high school, more physical education facilities and a Coolidge junior high school addition.

With enrollment rising at most grade levels, and the high school near capacity, one alternative might be to build a second public high school, as Bellevue did in the mid-1960s. However, to duplicate GCHS might cost \$8 million, and unused bonding power at present totals \$5,748,607.

Instead, the school board may decide to move the ninth grade back to the high school instead of being assigned as now to the Coolidge, Prather and Grigsby junior high schools.

7th, 8th Grades Together
Prather and Grigsby would retain the seventh and eighth grades, as does Central Junior High. The Coolidge would become a part of Granite City high school—they occupy the same campus—and another

junior high school would be built.

This new junior high, initially serving seventh and eighth graders, would be built on a 65-acre tract the school district has purchased at the southeast corner of Maryville road and Route 203 (Nameoki road) adjacent to Bowland lanes.

A grade school also might be built on the same 65-acre site, with another grade school constructed on a 12-acre tract owned by the school district on the Norwood subdivision on Old Alton road north of Pontoon road.

4600-Pupil Joint School

Meanwhile, construction of a second physical education building at GCHS and additional classrooms at Coolidge would have enabled GCHS and Coolidge to serve as a unit school sufficiently large for all ninth through twelfth graders in the school system, totaling 4600 to 4650 during the next several years.

At some future time when the Nameoki-Norwood avenue complex no longer accommodates all high school students, a second high school could be created at the Coolidge, 4600 to 4650 by expanding the junior

\$2 Million Suit Is Filed Against Venice and ITR

A suit for \$2 million was filed Friday for \$2 million by the Illinois State Trust Co. of East St. Louis, against the city of Venice, the Illinois Terminal Railroad and Charles E. Chandler, driver of an auto which fell 50 ft. from a bridge over the ITR highline at McKinley bridge on Sept. 29, 1967.

Lanz, a passenger in the auto, suffered permanent injuries, including brain damage, partial paralysis and loss of speech, according to the complaint. He was declared as an incompetent and the St. Clair county circuit court appointed trust company conservator.

Chandler's auto failed to make the curve at the east approach of the bridge and drove onto the highline where repairs were being made in the tracks.

The complaint charges that Venice was negligent in not posting a barrier, guard rail or warnings, that the railroad was negligent for permitting the hole to exist without safeguards and that Chandler caused or contributed to the accident through willful and wanton misconduct.

Five Undergo Surgery At Local Hospital

The following are recovering at St. Elizabeth's Hospital from surgery which they underwent since Thursday:

Leona Wickman, 2936 Mission avenue, Russell Gledhill, 1722 Second street, Madison; Louanne Patrick, 1617 Pontoon road; Mary Hicks, 2200 East 20th street; Louis Mehl, 2560 Cleveland blvd.

SIU-SW University Center Opens Ballroom, 2nd Floor

The second floor of the University Center at Southern Illinois University-Springfield campus had a gala opening Saturday.

Students, faculty and staff celebrated the completion of the Center with a 12-hour entertainment program and open house.

Five musical groups participated in the noon to midnight all campus party. Hospitality hours, dancing, play and special exhibits were arranged for the evening.

New facilities include a ballroom that extends from the first floor through the second floor, the University Club, small dining-conference rooms, and office space. A suite of offices for the academic Business Division and the Nursing faculty were also completed and will be located on the University Center's second floor.

Participants in the ribbon cutting ceremony included: Steve Adams, Mrs. J. W. Sandae, Caseyville, Sept. 28, Richard Vernon, seven pounds, six ounces.

Auto Hits Train, Driver Hurt; Other Area Crashes

A motorist whose auto hit a train on Route 3 near the A. O. Smith Corp. plant was injured and taken to a local hospital. The crash occurred Sunday, Sept. 22, while 14 persons hurt in nine of 28 traffic mishaps occurring over the weekend in and near the Quad-Cities.

James L. Sparks, 29, of 3027 Denver street, was hospitalized

about 4:30 a.m. Sunday after his southbound auto crashed into a boxcar on an Illinois Terminal Railroad train being switched across Route 3 into the A. O. Smith Corp. plant.

State police said Sparks was alone in the car. He suffered cuts and abrasions to his head and left knee.

2 Hurt in Crash

Two women were injured and another woman was issued a traffic ticket as the result of a two-car collision about 9 p.m. Friday at Buxton and Wilson avenues.

Treated at the hospital for cuts to her forehead and left eyelid was Mrs. Virginia Cantelmo, 40, of 2704 Buxton avenue, who was a passenger in a car driven by Mrs. Evanne Settles, 42, of 2524 Dale avenue.

Settles was treated for neck pains. Police said Mrs. Settles was driving north on Buxton, and the other car was being driven east on Wilson by Patsy Heath, 38, of 2730 Sunset drive, who was charged with failure to yield right-of-way.

Two local women were hurt about 12:15 a.m. Sunday when an auto being driven north on Madison avenue went out of control at 18th street and struck Helton, 21, and Gay Butler, 20, both of 2906 Roosevelt street. Settles said the driver, Samuel Eggers, 26, and another passenger, Kenneth Hawkins, 25, both of St. Louis, escaped injury.

Minor injuries were sustained about 3 p.m. Saturday in a two-car crash on Nameoki road at Cottage avenue. Hurt were Patricia Meyenburg, 23, of 2431 Hemlock avenue, who was driving off the Nameoki Village shopping center parking lot, and a passenger in her car, Sandra Goble, 21, of Rural

11 DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

The project would provide flood protection for 85,829 acres of bottom land in the bi-county area which are subject to flooding by drainage from higher land to the east.

The governor told the mayor's meeting that he believes the state should become local sponsor of the project because the proposed improvements are a urgently needed and because no agency in the area can afford to pay the local share of the cost.

Gov. Shapiro said, "It is my belief and that of the Illinois Natural Resources Development Board that flooding in the (Madison-St. Clair) area can no longer be tolerated because it is a serious threat to the potential economic development of the entire region . . . the extreme expense of flood damage to such a populous and highly developed area as well as the disruptions to business activity could be ruinous."

"In view of the great need for the project and because of the financial limitations of local agencies, I believe it is essential that state government act to insure completion of the project and one must take the steps necessary to initiate immediate action on the project and pledge my continued efforts to work for its completion."

State Plans Support of Hillside Drainage

**Corps of Engineers
To be Asked to Update
\$13 Million Project**

Immediate steps to initiate a Hillside Drainage flood control program in the Madison-St. Clair county area—at a cost of nearly \$13 million—were pledged Friday night by Illinois Gov. Samuel H. Shapiro, executive director of U.S.A.

The governor said he feels there is a great need for the project "and because of the financial limitations of local agencies I believe it is essential that state government act to insure completion of the work."

Union leaders' rejection of today's proposal would, in effect, authorize a strike to begin at midnight today.

The second session in which Chemical Workers are to vote on the proposal is scheduled at 7 p.m. No voting results were announced. It was said, until after tonight's meeting.

The contract offer involves about 700 employees at Granite City Steel Co.'s blast furnace department.

Varying Reports
One labor source reported that if agreement is not reached on contracts for the four U.S.A. locals at the Granite City Steel Co. mill, a strike could be called by the negotiating committee which other labor education authorities have reported said, however, that meetings of the local are planned on whatever agreement is reached in the negotiation session.

While the new contract offer for Laclede steelworkers at Madison was approved in a meeting at the Labor Temple yesterday, the company's agreement is to be considered by

the union.

Harold Hughes, 19, of 19 Meadowlark lane, was shot in the right leg when an argument among patrons began at 11:50 p.m. Saturday at Leakey's tavern, 608 McCambridge avenue, Madison.

The bullet lodged in the leg about four inches above the ankle, and Hughes was admitted to St. Elizabeth Hospital where he was taken by ambulance.

Madison Board And Teachers Agree on Terms

**Settlement is Reached
Saturday; Teachers
Develop Pay Schedule**

Madison schools were in full-time sessions today after the board of education and the Madison Federation of Teachers ratified a \$116,800 contract settlement Saturday afternoon.

The agreement ended an impasse which began Aug. 26, the scheduled date for the opening of school for the 1968-69 year when most teachers refused to report for work without a contract.

The settlement, termed an equitable compromise between the school board offer and union demands, climaxed several days of intensive, and at times emotional, bargaining sessions which opened Wednesday afternoon at the Madison city hall.

Emotions reached a peak moments before union negotiators were ready to announce acceptance of a final item when board members, displaying utter disgust with the negotiation procedures, ordered Dunbar and Dunbar schools closed, terminated contracts with all teachers who would not appear at school the next day and walked out of the session.

Bargain for Bundle
The teachers federation, upon its own request, bargained for a total amount of money with which it could develop its own salary schedule and allocate certain funds for various fringe benefits. No increase in the school tax is anticipated at present.

The length of the schedule and the system of increments were changed by the union without opposition from the board, and the amount of salaries involved is \$75 less for non-monthly periods than offered by the board during the contract talks.

Starting teachers with a bachelors degree will receive \$711 per month (annual salary divided by nine), and for those in their tenth year, the pay will be \$1083 per month. Previously the schedule stretched over a 13-year period, though the board's offer was offered to reduce it to 10 years.

Salaries for teachers with master's degrees will range from \$778 to \$1150 per month, while those with master's degrees plus 30 graduate hours will range from \$800 to \$1172 per month.

Degree Range Reduced
According to the new schedule, the difference in salary between teachers with bachelor's and master's degrees was set at \$600 for the nine-month period, a reduction of \$100 from previous schedules as the board had the amount at \$700 as an inducement to teachers to further their education and receive advance degrees.

The difference between teachers with master's degrees and those with master's plus 30 hours of graduate credit also was reduced by \$100 by the union.

The board had offered a

high that would be in operation there.

Value of this plan is that the total cost of a second high school would not have to be borne at any one time.

Two-Stage Construction
In effect, the high school would be built in two or more stages and in both the near and distant future all high school students could be provided equal facilities and curriculum, an objective emphasized by officials who oppose the idea of two high schools of differing size and "status."

The \$4,750,000 bond authorization proposed by Citizens Committee Co-Chairmen Leo Konzen and Jon Mullen might not be fully utilized immediately, although most of it would.

Instead, one of the two proposed elementary schools might not be built for a year and a half or two years. Construction cost trends and the interest that could be earned from investing unused funds would be compared.

The proposed new education rate ceiling of \$2.55 on each \$100 assessed valuation would not be reached in the present tax year.

The present overall Granite City school tax rate of \$2.705 consists of \$1.958 for education, 27.97 cents basic building fund, 32.5 cents bonds and interest, 6.85 cents transportation, 6.85 cents municipal retirement and 0.75 cents junior college tuition.

Education Rate at Maximum
Estimated tax bills for use in determining tax rate for collection in the summer of 1969 (assuming an assessment of \$215 million) totals \$3,028, including a \$2.15 education rate (the present authorized maximum), \$3.63 cents building fund, 31.92 cents bonds and interest, 6.86 cents transportation, 7.89 cents municipal retirement, 6.85 cents transportation, and 4.99 cents working cash fund.

Again assuming \$215 million assessment—the actual figure has not yet been determined—a successful tax referendum this fall would permit a \$2.319 education fund rate instead of the projected \$2.15, based on the budget and levy adopted on Aug. 26.

Assessment now is \$212,173,946. To fully support the new budget, the valuation of taxable real estate and personal property in the school district would have to rise \$19,732,751, and that large a gain is not anticipated.

Salary Hikes Probable
With negotiations scheduled to begin early in 1969 on new agreements with all school employees—and increases probable effective next fall—a substantial

'Yule Mail Call' Listing To Start on Thursday

Again this year, the Press-Record will undertake to compile a list of Quad-City military personnel for publication in a series of "Yule Mail Call" lists, starting in Thursday's issue.

The pre-Christmas public-service has drawn excellent response the past two years, with more than 1150 names and addresses of area service men and women submitted.

Relatives and friends of Quad-City military personnel are invited to provide the serviceman or woman's names and address for inclusion in a subsequent "Yule Mail Call" list.

To ensure accuracy, those submitting a serviceman's name should include his rank, serial number and full address, including APO and FPO when applicable, and mail the information to Yule

Mail Call, Press-Record, 1815 Delmar Avenue, or bring the address written on a slip of paper to the newspaper office at the above address.

Persons furnishing a name are asked to identify themselves on the postal card or letter, in the event verification of unit information is necessary. If desired, the area of overseas service may be written in parenthesis following the address.

It is hoped the pre-Christmas service will help to cheer all military personnel who are away from their homes and loved ones during the holiday season by enabling local residents, clubs, church groups or civic and service organizations to send Christmas greeting cards, letters, or packages to the servicemen of their choice.

Traffic Charge

Alpha Cinar, 2158 Lee Avenue, was issued an arrest ticket early Saturday by Madison police on a charge of disobeying a traffic signal at Sixth Street and Madison Avenue.

rise in operating costs looms in 1969-70.

Aside from additional costs per employee, the staff would be expanded to operate existing and newly built schools effective with the fall 1970 term.

"Placing out" of Central junior high school, the Logan elementary annex and the Stallings, McKinley and Washington grade schools has been suggested by the Southwestern Illinois Metropolitan Area Planning Commission, but there are no immediate plans to discontinue their use.

The study of school needs, including SIMAPC data, was started by citizens last February.

Enrollment Outlook
Despite the prospect of enrollment reductions in Illinois in the early 1970s, both the school district and SIMAPC believe local population and enrollment will grow, adding 2000 pupils by 1972 and another 3000 by 1977.

The number of Granite City district students has been increasing by 400 to 500 annually in recent years.

The citizens' co-chairmen recommend formation of a semi-permanent group of educators and citizens to study changing educational techniques which appear to offer ways to improve instruction and provide it in more economical ways.

Konzen and Mullen regard such innovations as worth serious exploration but say they do not believe the impact of procedural changes would be felt in time to alter their recommendations regarding action now to provide more finances and facilities.

Anthony Krueger, 57, Dies in St. Louis

Anthony Krueger, 57, of 1959 Alice street, St. Louis, died Sunday at Christian Hospital, St. Louis. Ill. for the past year he had been in the hospital several times.

State to Expand Criminal Justice Commission

Expansion of the Illinois Commission on Criminal Justice from its present five members to 23, enabling the state to receive a \$33,800 planning grant to upgrade and expand training programs for local police departments, will be completed soon, Sam Eubanks of Springfield, an assistant to Illinois Gov. Samuel H. Shapiro, told Granite City Optimist club members Thursday afternoon.

Participation in the new federal program, to be implemented by the Law Enforcement Assistance Administration, a newly-formed section of the Department of Justice, already has received state approval and the authorized grant for the planning phase, Eubanks said. New commission members will represent appropriate agencies and community interests.

The official pointed out, that upon activation of the commission, 20% of the initial grant may be drawn to hire an executive director to administer the program, plus two assistant directors—one primarily concerned with the Law enforcement segment and the other juvenile delinquency control.

At this point, Eubanks explained, the commission will be given 60 days to file an application proposal for federal funds to cover the second phase of the program—an action grant—which may amount to more than \$1 million.

A six-month period is then allowed in order to formulate an overall comprehensive plan, showing the needs and priorities within the state.

Eubanks noted that about \$600,000, or 75% of the action grant will be transmitted from the state to local police departments for upgrading police training programs and facilities, and to construct needed buildings, such as jails and detention homes.

He said that land acquired for construction of facilities must be purchased by the local participating agency, as funds available through the program cannot be used for this purpose.

The state official, who spoke at the YMCA of the meeting in May, said that the meeting in a state of anger and disgust.

The breakfast came at about 3:30 p.m. at a point where a final agreement seemed imminent.

The union committee had caucused on what appeared to be the final issue, a compromise offer of \$9000 of funds which may be derived as a result of teacher turnover (hiring teacher replacements at lower costs).

Rather than announcing the results of the caucus, Carr opened a new argument as to whether the board's \$73,000 package offer of the day before.

Lectures on Catholic Doctrine Starts Tonight

A series of informal lectures on Catholic doctrine will begin tonight at the rectory of Sacred Heart Church, 208 Washington avenue.

The lectures will be conducted by Rev. Kevin Sullivan, assistant pastor, and will be held at 7 p.m. Mondays and Tuesdays for 10 weeks. There is no fee or obligation. All Quad-Cityans are invited.

Boy, 13, Arrested

Venice police arrested Jeff Sanford, 13, of Brooklyn, at Sixth street and Lincoln avenue, Venice, early yesterday morning and charged him with driving without a driver's license and running a stop sign. The boy was released to his parents pending a hearing. Police said the boy's father told them he was unaware the youngster had taken the car keys.

Four Radar Arrests

Four motorists were issued arrest tickets Friday afternoon by Granite City police operating radar units. Charged with speeding were Jack Sparks, 2442 Adams street, and David Anderson of Milwaukee, in the 1200 block of Edwardsville road; Stephen Nizinski, 2400 Edison avenue, in the 2800 block of Adams street, and Louis Wolf of Belleville, at 20th and Quincy streets.

MORE ABOUT Madison Board

steady increment of \$260 (an automatic annual increase through the top of the schedule) on an early report of the teachers union last spring.

But the system developed by the union provides a \$150 increment for teachers after their first year of experience, and then \$400 more a year after they are placed on tenure with two years of experience. Previous increments ranged from \$100 to \$400.

Hospital Insurance The union allocated \$10,000 for hospital insurance, which will provide full hospitalization for the teachers. The board had offered to finance half of the insurance cost.

Two additional days of emergency leave were granted, if necessary, for travel time over the three-day leave which had been offered.

A \$2500 allocation was set to pay the cost of tuition to further educate the teachers. The amount will be pro-rated among participating teachers, with limits not to exceed the cost of the tuition or the amount provided for each teacher depending upon the number of those taking advantage of the provision.

Accumulated sick leave which was offered by the board was erased by the union. Proposed previously was 10 days a year, accumulating up to 80 days over eight years.

Normal Operation With the agreement, the schools are on a full-time normal operation after five weeks of strike, though the schools were re-opened last Monday by the board and administration without a contract with the teachers' federation.

Four of the six schools operated in the district conducted classes as 32 regular teachers agreed to report for work. Many substitute teachers were used, including graduate students studying in area universities. Dunbar and Blair schools remained nearly inoperative as teachers did not report and many parents in the area refused to send their children to school.

Board Walks Out The tentative agreement on the \$116,600 package came after board members walked out of the meeting in a state of anger and disgust.

The breakfast came at about 3:30 p.m. at a point where a final agreement seemed imminent.

The union committee had caucused on what appeared to be the final issue, a compromise offer of \$9000 of funds which may be derived as a result of teacher turnover (hiring teacher replacements at lower costs).

Rather than announcing the results of the caucus, Carr opened a new argument as to whether the board's \$73,000 package offer of the day before.

DeMolays to Initiate New Members on Tuesday

The Granite City chapter, Order of DeMolay, will confer the initiatory degree upon candidates in a "William C. Hinkle Memorial Class" Tuesday night at the Masonic Temple. Hinkle, who was an active DeMolay, was killed in Vietnam last November. His two younger brothers are DeMolays. The Mothers Club will serve a pot luck supper at 6 p.m.

Driver Charged with Leaving Crash Scene

Charges of leaving the scene of an accident and operating an auto without a driver's license were placed against Billy Richard Edwards, 18, of Charleston, Mo., following a crash about 8 p.m. Friday in the 800 block of Greenwood street. Police said Edwards crashed into a parked car owned by Florian Kowalczyk, 1622 Seventh street.

Man Faces 3 Charges

Danny Knight, 2555 Cleveland blvd., was arrested about 3 a.m. Friday on charges of profanity and resisting arrest. Fifteen minutes later while at the police station, he was charged with destruction of city property.

included salary increments, a politician should be interjected into it. "I'm sick and tired of this," he concluded.

After one of the parents said her children would not attend any other school, Freeman asked that the board be brought back to the session.

The mayor, still fuming, said he would dispatch police officers to pick up and return the members. This was not necessary, however, as the desk clerk was successful in reaching them by telephone at various places.

Carr, who had insisted that the salary committee wanted to know exactly what the board's proposal included, came up with a new demand after the board left.

He wanted an additional \$2400 which the board had budgeted and allocated in the way of \$80 raises for coaches and department heads who would supervise extra activities in the schools. He added that the union would grant the \$50 raises to 17 members of the coaching staff, but wanted the rest spread into salary schedules.

Citichoff, who noted he could not act without the authority of the board, commented that "we have offered \$575 starting increases over last year. The board feels it is a substantial increase and it is as far as it can go."

After the walkout, Carr withdrew his objections that the \$14,000 in increments was included in the overall board package, blaming a lack of communications for the misunderstanding, but insisted on the additional \$2750.

He said extra-curricular activities could be supervised by volunteer teachers, and that the department heads had been selected from "scab" teachers who had crossed picket lines while the union members had no opportunity to compete for the money which the union had provided through bargaining.

Palchick objected, stating that the teachers earlier had requested that department heads be established and paid to perform the extra work.

After the board returned and caucused, it refused to allow the extra \$2750 as an airhead had been allocated. It would have meant an extra \$14 per year for each teacher.

McManaway charged "that the union is taking a crack at those now in school and trying to take the money away from them after you said there would be no restrictions. Would we not in fact be placing ourselves in collusion with the union."

With another caucus, the union submitted on the point, after further routine discussions the tentative agreement was reached and the session adjourned at about 9 p.m.

Chester McManaway, a veteran board member, presented an alternative: "Either we want to know if the salary schedule we offered (including a \$300 a year raise) plus \$275 is accepted or if it is rejected."

Carr adamantly replied: "We won't accept a pig in a poke." After being told that the schools were going to open for all of the children, Belcoff stated he would:

"The board now takes this action. The board withdraws the \$275 and all other offers. Our attorney (Citichoff) will proceed to immediately terminate the contracts with the teachers who are out, and we will close the Dunbar and Blair schools and we will bring the children over here."

At the board's walkout, McManaway told Raleigh Freeman, spokesman for a group of five parents who were observing the negotiations, that the two schools would be boarded up. It was 4 p.m., 2½ hours after the session started.

Within a few minutes, Mayor Stephen Maeras, who had said he purposely refrained from interfering with the school difficulties, rushed into the meeting room in a state of rage.

"Mr. Carr, what are you doing to us," he said. "All of a sudden—bingo; the thing breaks up. This dilly dallying is going to stop."

Playing Chess "Mr. Carr, you accused the board of playing chess with the kids. You are playing chess with the kids. It's fantastic."

"Mr. Carr, this is a good board. What happened in East St. Louis. I feel sorry for East St. Louis. We gave our (city) employees \$100 a month raises, and it didn't come from taxes. It came from surplus money. I'm going to bridge money. I'm going to rouse everyone in this town. These are dedicated school board people."

Carr replied: "They're trying to scare these people." Maeras retorted: "They don't want to scare anybody."

Citichoff, who had been upholding Carr's role and tactics as a negotiator for the union, also complained.

"The rub is that you haven't been bargaining in good faith. We have been. We have been receiving telegrams to get together and bargain in good faith. I tell you we have been doing this."

Mayor Maeras repeated that he had kept out of the negotiations because he did not think

Miss Patsy Ann Shevcik
Is Bride of R. S. Mulcahy

Sacred Heart Catholic Church was the scene of the wedding mass of Miss Patsy Ann Shevcik, a daughter of Mr. and Mrs. Frank J. Shevcik, 2600 Iowa street, and Richard Stephen Mulcahy, a son of Mrs. Florence Mulcahy and the late William Mulcahy of Boston, Mass., on Saturday.

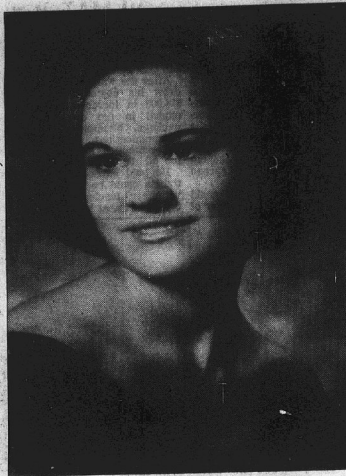

The double-ring ceremony was performed at 10 a.m. by Rev. Joseph Earhart before the altar decorated with bouquets of white gladioli and pom poms. The wedding breakfast was held immediately afterwards at the Rose Bowl.

The former Miss Shevcik chose an A-line wedding dress of ivory satin brocade, fashioned with a stand-up collar and elbow length fur-trimmed sleeves. A tiered bouffant veil of silk illusion was worn. The bride carried a semi-cascade

of phalaenopsis orchids, stephanotis and variegated ivy. The honor attendant, Mrs. Martin Chou, was attired in a gown with a deep gold embossed velvet bodice, bateau neckline and an empire skirt of gold slipper satin, with matching headpiece. Her cascade was of fall pom poms and ivy.

Mr. Mulcahy chose Kenneth Goetschow as his best man. For her daughter's wedding Mrs. Shevcik wore a pale yellow beaded knit suit with matching accessories. She carried a purse corsage of pale yellow cymbidium orchids.

The former Miss Shevcik is employed at the U. S. Army Mobility Equipment Command, St. Louis. Mr. Mulcahy, a graduate of Boston College, Chestnut Hill, Mass., is a buyer for American National Stores, St. Louis.

ENGAGED. Miss Dawn Gloria Marshall, whose betrothal to Daniel J. Graham, U.S. Navy, is announced by her parents, Mr. and Mrs. Don E. Marshall, East St. Louis.

Engagement Is Announced

HOME ECONOMICS
COMMITTEE TO MEET

The Madison County Home Economics committee will meet at the Extension office in Edwardsville Tuesday at 9:30 a.m. to plan the 1968-69 program. Among the committee members is Mrs. Henry Ross of Granite City.

Local leaders will meet in training sessions. The county 4-H program is planned by the 4-H committee with the help of Extension Advisers and the approval of the Extension Council.

Mr. and Mrs. Don E. Marshall, 1315 Edgewood drive, East St. Louis, have just announced the engagement of their daughter, Miss Dawn Gloria Marshall, to Daniel J. Graham, U. S. Navy, a son of Mr. and Mrs. Ralph Graham of Big Sandy, Tenn. A June wedding is planned by the couple.

Miss Marshall was graduated from Belleville Township high school and Belleville Junior College. She is presently attending Eastern Illinois University in Charleston and is employed as a secretary in East St. Louis. Her father has been an employee of the Granite City Steel Co. for the past 20 years.

Mr. Graham is an interior communications fireman, U. S. Navy, stationed at Key West, Florida. He is a graduate of Tennessee Military Institute where he was a member of the varsity rifle team and Austin Pea State University in Tennessee.

SPRING WEDDING PLANNED. Miss Barbara Ann Begemann, who will be married March 1, 1969, to Capt. James Woodson Hawkins Jr., U.S. Army. The engagement is announced by the mother of the bride-elect, Mrs. Barbara F. Begemann, 4004 Wabash avenue. Mr. Hawkins is a son of Mr. and Mrs. James W. Hawkins of Detroit, Mich.

March Wedding Being Planned

Mrs. Barbara F. Begemann, 4004 Wabash avenue, is announcing the betrothal of her daughter, Miss Barbara Begemann, to Captain James Woodson Hawkins Jr., U. S. Army, a son of Mr. and Mrs. James W. Hawkins of Detroit, Mich., retired.

The news was told at a party given at the Granite City Army Depot where Capt. Hawkins, Company Commander, 66th LEM Co., is stationed. Miss Begemann is employed as a clerk by Stifel, Nicolas and Co., St. Louis.

The wedding is planned for March 1, 1969.

Music Study For Bay View

The Bay View Reading Club met Thursday afternoon with Mrs. A. H. Rode, 3802 Nameoki road, opening with the club Collect by the group.

In the absence of the president, Mrs. A. E. Krummick, who is hospitalized, the vice-president, Mrs. George Holtzner, was in charge.

Mrs. J. C. Byers gave the program on Carol Lawrence and Robert Goulet, in keeping with the topic "Fish and Wife in Music." The study subject for the year is "Outstanding Men and Women, 20th Century in 'Government, Art and Music.'"

Mrs. Louis Buenger of St. Louis, a former member, was welcomed and reinstated in the club. Also present were two guests, Mrs. Sarah Schroeder and Mrs. O. H. Williams of California, formerly of Granite City, and 14 club members.

Plans were made at the meeting for a "continental" breakfast at 10 a.m. Oct. 10 at St. Peter United Church of Christ, followed by a tour of two places of historical interest in St. Louis, the Campbell house, and the DeMenil house.

Meyersick and Davison Nuptials Here Saturday

St. Joseph Catholic Church was the setting for the wedding Saturday morning of Miss Donna Davison, a daughter of Mr. and Mrs. Woodrow Davison, 2445 Center street, and Karl Meyersick, whose parents are Mr. and Mrs. Roy Meyersick of Collinsville.

Arrangements of white summer flowers adorned the altar for the 11:30 Nuptial Mass at which Rev. Peter Bertoldo officiated.

A program of wedding music was provided by Mrs. Cleta Judd, organist, and Mrs. Ann Pieper, vocalist.

The bride was given in marriage by her father. She wore a gown of white silk organza and Chantilly lace fashioned with a molded bodice of lace, a scoop neckline and long tapered sleeves. The very brilliant skirt formed a redingote. It was trimmed with lace over scalloped ruffled tiers. A Watteau bustled train of organza with bands of lace fell from the shoulders and a forward headpiece of pearl petals secured a tiered veil of silk illusion.

The bride carried a cascade bouquet of white gladioli.

The maid of honor, Miss Janice Jackson, and bridesmaids, Miss Regina Hull and Miss Norma Nash, were dressed alike in light blue organza over tulle with scoop necklines and full puffed sleeves lined with white daisy motifs. Set-in panels in the back fell from the waist to the hemlines of the long "A" line skirts.

Matching headpieces and brief veils completed their costumes, and all three carried cascades of gladioli, rose for the honor attendant, and pale pink for the bridesmaids.

A little flower girl, Josephine Linhart, a cousin of the bride, dressed like the older girls, carried a wicker basket filled with pink flowers. Michael Davison, the bride's brother, served as ring bearer.

Mr. Meyersick's attendants were Tim Boyd, best man, Richard Hearn and Randy Baldwin, groomsmen, and Terry Young and Ross Abbott, ushers.

For her daughter's wedding Mrs. Davison wore a soft green coat and dress ensemble, antique gold accessories and a cascade of gold cymbidium orchids. The bridegroom's mother was in a mint green brocade dress with matching accessories and pink orchids.

The wedding breakfast was held at the Rose Bowl, and friends of the couple attended

an evening reception at the Moose Hall in Collinsville. The bride is a graduate of Granite City high school and prior to her wedding was employed in St. Louis. Mr. Meyersick, a graduate of Collinsville school, has just completed missile training at Chanute Air Force Base. The couple will honeymoon in Wisconsin and will make their home in Cheyenne.

Among the out-of-town guests here for the wedding were Mr. and Mrs. Clarence Spaeth of St. Louis, former Granite Cityans and great-grandparents of the bride; and Mrs. Everett Bricker of French Lick, Ind., paternal grandmother of the bride, and Mr. and Mrs. Richard Hearn of Rantoul.

Mrs. Robinson Is Honored

Granite Chapter 650, Order of Eastern Star, honored a 1913 past matron, Mrs. Elma Robinson, at a regular meeting Friday evening at the Masonic Temple.

Others escorted were three Grand lecturers; 12 Sisters and six Brothers, all of whom received gifts.

Plans were made for a meeting Oct. 9 in the home of the worthy matron, Mrs. Marge Brannan, to discuss arrangements for the annual smorgasbord Sunday, Oct. 27. Joseph Timmons is worthy patron of the chapter. The station was filled for the evening by John DeHart.

RETURN FROM VISIT IN GERMANY

Mr. and Mrs. E. C. Lenzi, 3225 Aubrey avenue, returned Thursday from a three-week visit to Gelhausen, Germany, where they visited their son-in-law and daughter, Lt. and Mrs. James Lenzi, and their new grandson, Michael.

They also visited Switzerland, and Italy, spending several days in Rome, the Vatican and other points of interest, and toured the Rhine river area.

Madison's Trojans Romp Over Highland Bulldogs--74-0

Madison's fired-up Trojan gridders piled up astronomical statistics Friday night in a romp over the Highland Bulldogs on the home field to open Midwestern Conference play with a 74-0 victory.

The impressive statistics totaled 647 yards gained — 239 yards passing and 414 on the ground — 22 first downs, nine pass completions in 19 attempts, no fumbles, one punt for 32 yards and penalty losses of 35 yards. The Bulldogs total yardage amounted to 81.

A pleased coach, Alvin Vonder Haar, proclaimed, "Our whole team was so fired up, that it was impossible to stop them."

"When we got that first touchdown, that relieved a lot of pressure, and anytime you can hold a team to only 81 yards, that shows there's been a lot of hustle going on."

Couldn't Be Stopped
"The boys were fired up, and just wasn't the first stringers. Look at the last half. I used my whole squad, and none of them could be stopped."

The most fired-up Trojan was 175-pound sophomore halfback Dwayne Shaw, who was credited with 247 ground yards in 16 carries, an average of nearly 15.5 yards.

Shaw scored three touchdowns on runs of 52, 70 and 10 yards. John Ervin, 172-pound junior end caught two touchdowns passes from senior quarterback Jim Scott for yardages of 55 and 20.

Scott Scores First
Scott maneuvered through the line for a three yard and sweep scoring play to start the onslaught the first quarter. Trojan scorers were Harold James on a 57 yard run, George Tyus on a 13 yard run, Harry Boyd on a 31 yard run, Dale Clinton on a one yard plunge and Gary Bathon on a two yard run.

The Trojans scored 13 points in the first quarter, 20 in the second, 14 in the third and 27 the final period.

On the ground, Shaw carried 19 times for 247 yards, Clinton three times for 18 yards, Eddie Hillon three times for 28 yards, James five times for 58 yards, Harry Boyd twice for 43 yards, Mike Tuohy twice for 36 yards and Gary Bathon twice for four yards.

Aerial Attack
In the air, Eddie Hillon caught three passes for 28 yards; John Ervin, four for 170

STAR OF THE GAME, Trojan Dwayne Shaw, (21), who broke away any number of times to romp a total of 247 ground yards in the Madison vs. Highland game Friday evening at the local field. The sophomore halfback carried the ball 16 times for an average of 15.5 yards a carry. He made three touchdowns on runs of 52, 70 and 10 yards. Glen Holt (52) chases the speedster but was blocked out by Trojan Mark Wells (51).

yards; Harold James, one for 14 yards, and Dale Clinton caught one for 21 yards.

In the first quarter, Dwayne Shaw picked up 66 yards in five carries to set up the touchdown by Scott. The extra point was kicked by Harold James. The very next time the Trojans got the ball, Shaw drove again toward the goal line for 60 yards in three carries and the Trojan's second touchdown. The extra point was missed.

In second quarter play, Madison scored on the first play as Shaw galloped 70 yards along the sidelines, and the next touchdown came from 55 yards out as Jim Scott connected with end John Ervin. Later, Scott threw a 20-yard touchdown pass again to Ervin. Harold James kicked two extra points in the quarter.

The second half found Madison still on the upswing. Highland was able only to penetrate

BREAKING A TACKLE is Madison high school Trojan Harold James (16), who scored one touchdown, and kicked eight extra points against the Highland Bulldogs Friday evening at the Madison field. The Trojans won the Midwestern Conference opener 74-0.

57-Yard TD Run
With 6:50 left in the quarter, Highland received and went to Madison's 24 yard line on three first down on 12 plays before the Trojans once again took over, and moved the ball back to the 43 yard line before James romped around end for a 57 yard run and kicked the extra point. Just 8:44 remained on the clock.

Madison kicked to the Bulldogs to start the fourth quarter, and recovered a fumble on the

return on the Highland 34 yard line. James carried the ball to the Bulldog 26 on the first play, Scott passed to Ervin for 13 yards and Tyus carried the ball the last 13 yards. The extra point kick was blocked. This put the score at 53-0 with 11:32 remaining in the game.

Highland with the ball, moved up to their 48-yard line on six plays before William Campbell recovered a fumble to set up another Trojan touchdown drive. On the first play Harry Boyd moved the ball to the 31

STOPPING THE BULLDOGS is Trojan John Ervin (16) as he makes a successful tackle getting help from Courtney Barrett (15) and Phillip Davis (14). The Trojans racked up 647 yards in the game and held the visitors to 81 yards in the 74-0 Midwestern Conference victory for the Trojans. The ball carrier is Matt Duffin (10).

Highland was held to four plays that shoved the Bulldogs from their 14 to their five yard line of a combination of an off-side penalty and two losses.

Madison employed Gary Bathon twice to take the ball across from the five yard line with James kicking the extra point.

As a last desperate hope of scoring Michael Guy shot a long bomb from the Highland 47 to the Madison 14—but Jim Scott intercepted.

Working from his own 14-yard line, Ronald Britt, who was called in to quarterback shot a long pass to Ervin and then threw an incomplete pass to end the game at 74-0.

The Bulldogs had four first downs; gains were 45 yards passing, 36 yards rushing, for net yardage of 81; completed four of 14 pass attempts; lost two fumbles; were penalized for 80 yards and never punted.

Warrior Harriers Beat Tigers on New Course

Coach Dick Harmon's cross country team won its fourth dual meet of the season Thursday afternoon at Wilson Park. The Harriers beat the Tigers 25-30 on the new 2.6 mile course.

Coach Harmon commented, "This was a real victory in beating the team that just a few days earlier defeated us at their invitational meet."

Softball Players Hold 20-Year Reunion Event

A reunion of softball players who performed together more than two decades ago was held Saturday evening at Amvets Post 51 clubhouse, 5100 Lakeview drive, arranged by Jay Rainwater and Larry Zimmerman. A buffet dinner was followed with each player reviewing his experiences during the 20 intervening years.

Contributions to the team by its initial sponsor, David Linder of Truller's Men's Wear, and Claude "Junior" Peole, a star pitcher, who presently is hospitalized, were noted.

Team members, their wives and guests attending were Mr. and Mrs. Alvin Hoelter, Mr. and Mrs. Harold Brown, Mr. and Mrs. Roger Bowler, Mr. and Mrs. Nelson Hagnauer, Mr. and Mrs. Von Dee Cruise, Mr. and Mrs. Gus Lipinski, Mr. and Mrs. Carl Harrison, Mr. and Mrs. Monroe Worthen, Mr. and Mrs. Jay Rainwater, Mr. and Mrs. Paul Thompson, Mr. and Mrs. Bill Webb, Mr. and Mrs. Larry Zimmer, Mr. and Mrs. Nick Bogovich, Mr. and Mrs. Verne Eickbush, Mr. and Mrs. Neal Milton, Mr. and Mrs. Jerry Jackson and Mr. and Mrs. John Harrison.

Players who now reside out-of-town and were absent include Lyndon Harold, Lester Lavack, Ralph Limburg and "Lefty" Morby.

Prather Knocking on Door But Game Ends With 13-7 Deficit

The same thing happened last year, when the Braves lost to Edwardsville by one touchdown and had the ball on the enemy eight-yard-line.

Bill Parks carried the ball 12 times for 75 yards. As the game drew to a close, Parks engineered Prather to the two from the 14 yard line on a screen pass thrown to Greg Stanfill.

Prather scored in the last quarter when Terry Motes carried the ball over on a one-yard plunge after being set up at that spot by a 20-yard pass play from Parks to Norris Egbert. The extra point was kicked by Greg Stanfill.

Edwardsville scored both its touchdowns after intercepting passes to set the stage for short ground drives.

Drives Fall Short As Grigsby Gators Play Scoreless Tie

The Grigsby Gators tied Webster 0-0 Thursday afternoon at Collinsville, getting the breaks when two apparent Webster touchdowns, both on reverses, were called back because of clipping penalties. Of course, without the clipping the enemy runners might not have sprung loose to score.

Coach Ron Yates said, "It was a see-saw battle most of the game as we operated between the 30-yard lines. In the opening quarter we managed to get to the 12-yard line before running out of downs."

The drive had started at the Grigsby 30. Up-the-middle runs by Don Woods and passes to the ends led to the good field position.

"Our defense really needs to be mentioned for their effort," Yates commented.

Fumbles Foil Warriors as Kahoks, Riggs Prevail 29-14

They should have stopped at halftime, or with only part of the fourth quarter completed. But the 1968 Southwestern Conference opener at Collinsville Friday night proceeded to the end of regulation time and to what has been a regulation result (for the last three years) — a Kahok victory over Granite City.

The game was closer than the 29-14 score as the Fighting Warriors nearly matched the host team in both passing and running.

Loss Three Fumbles
But GCHS lost three fumbles to the enemy's one and was penalized 115 yards to the Kahoks' 40. One Warrior pass was intercepted.

And where Collinsville eventually was able to adjust to the brilliant rushing of Warrior Fullback Jim Greenwald, the Warriors never fully coped with the ball carrying of Kahok Halfback Larry Riggs, a five-foot-seven-inch 155-pound junior speedster who scored three touchdowns for the second week in a row.

Riggs had been limited to 42 yards in 13 tries as Collinsville lost its initial game to Cahokia

25-6. But, aided by a more effective offensive line, he ran for 150 yards and scored three TDs as the Kahoks downed Quincey 33-13, going over on runs of 17 and 12 yards and a 64-yard pass play.

He netted 120 yards and his three — touchdown accomplishment was repeated Friday but there were no Riggs points until 10 points had been posted on the scoreboard and none until the Warriors had received ample opportunities to take command of the game.

Greenwald Sparkles
Effective offensive line, he ran seven, yards and a cloud of dust in the early going, Granite City moved 32 yards to the Kahok 41 before punting.

A return punt and a penalty against Collinsville left the Warriors in excellent position to score, despite a second clipping penalty, but a fumble recovered by Kahok Jerry Cook halted the Warriors' eight yards short of a touchdown.

The first quarter ended with no score, and was Collinsville which broke the ice in the second period by scoring on a 38-yard field goal by Mike Stone,

the pigskin hitting the crossbar and bouncing across.

At this point the Warriors returned the kickoff to their 27 and then powered in nine plays to the one-yard-line, from where Greenwald plunged across. A kick by Jerry Monahan produced a 73 halftime lead.

Rollins Leads Drive
During the successful drive, Jim Rollins netted 27 yards, Greenwald ran for six yards, Rollins caught a 17-yard pass and Monahan took a 12-yard aerial. Each team then threatened once before the half.

GCHS received the kickoff to open the third quarter but fumbled on the third play, Collinsville End Dave Pintar covering on the Warrior 30.

After punting to the 16, Collinsville took the lead with Riggs sprinting around right end into the end zone. Stone booted the point after touchdown for a 10-7 score.

That the Warriors were still bewildered by mistakes became evident quickly. After the kickoff and only one play, a pass by Quarterback Roger Belshe was snarled by Kahok John Al-

lison, who returned it to the Warrior 31.

15-Yard Touchdown Pass
It was fourth down and seven yards to go on the 26, but instead of trying another field goal Collinsville went for a first down instead and got it. Quarterback Bo Kelly tossed an 11-yarder to Riggs to breathe new life into the offensive march.

Seconds later, a 15-yard pass from Kelly to Halfback Dennis Toon had put the Kahoks ahead 16-7. A kick for the extra point failed.

Undaunted, the Warriors fought back late in the third quarter, holding firm as Collinsville attempted another drive and then blocking a punt to gain possession of the ball on the Kahok 11. Bob Pates recovering for Granite City.

Belshe Plunges Across
Two plays gave GCHS a "third and one" situation on the two-yard line, and Quarterback Belshe ended the suspense on the first play of the final period by not only running for the first down but also a touchdown on the same play.

When Monahan booted the point after touchdown, GCHS trailed by only 16-14 and still had a chance to salvage a victory.

However, Riggs played the "spiller," scampering 77 yards from scrimmage for a TD on a trap play which had been no mystery to the Warriors earlier in the contest. A fake to the right side preceded Riggs' bolt through the middle of the line. Stone kicked the extra point as the score rose to 23-14, as the Collinsville momentum again rose and as the Warriors' victory prospects fell.

The final six points came in the closing minutes of play on a four-yard run by — you guessed it — Riggs. A fumble on the GCHS 29 had opened the door.

Five of 12 GCHS passes produced 73 yards to almost equal Collinsville's six-of-14 for 73 yards. The Kahok ground advantage was 171-176, and the Warriors averaged 33 yards on punts to the host's 28 yards. GCHS led in first downs, 15 to 14.

Greenwald totaled 55 yards. Rollins 53, Belshe 27, Mike Jones 11 and Don Haddix three yards.

Emerald Dawes, president of the Boosters, said the meeting has been changed from Wednesday.

Refrigerator, Lint Alarms for Firemen

Three minor fire alarms were answered Friday by Granite City firemen, including a false alarm about 4:15 p.m. in the 2000 block of Quincy street.

Firemen carried outside a refrigerator that was leaking gas in the home of Kathleen Lassen, 1704 Cleveland blvd., about 7:30 p.m., and at 1:30 p.m. they went to the frame home of Kenneth Andrews, 1545 Garfield avenue, where lint was smoldering on the heat chamber of the furnace. No loss was reported.

Ministerial Association Will Host New Teachers

The Quad-City Ministerial Association which serves as host to a dinner to welcome new teachers and administrators in the Quad-City public school system each fall will hold the dinner this year at Concordia Lutheran Church, 23rd street and Grand avenue, Thursday, Oct. 3, at 6:30 p.m.

The speaker will be Professor Donald Defner, chairman of Practical Theology at Concordia Seminary, who will present a message of modern literature in relation to today's society. He has served as the

Lutheran campus pastor at Berkeley, Cal., and has conducted courses for campus pastors across the country.

As Religion-in-Life Week speaker, Rev. Defner has been at California Polytech, University of California, Iowa State, University of Nebraska, Oklahoma State and SIU. His concern for college people has produced "Meditations for College Life." His Seminary students consider his lively class at school, according to local ministers.

The Ministerial Association committee arranging for the clergy-teacher dinner is headed by Rev. George Morelock of St. Elizabeth Catholic Church; Rev. Arvin Twietmeyer, pastor of Concordia, Rev. Wilbur Lear, rector of St. Bartholomew's Episcopal Church, will emcee the dinner.

The meal will be served by the Ladies Aid Society of the church under the direction of Mrs. Dwight Jackson.

Drug Store Burglars Sentenced to Prison

Three burglars from Covington, Ky., who were captured in the Bellemore Reese drug store on July 15, were given prison sentences Friday afternoon by Associate Circuit Judge Michael Kinney.

They are Sammy Stevens, 24, Marvin Stanton, 19, and Robert Howard, 18. A hold order has been issued by federal authorities for Stanton in connection with a bank robbery in Taylorville, Ky.

The three had pleaded guilty and the judge denied application for probation.

Sentences to be served at the Menard state penitentiary were three-to-six years for Howard, four-to-seven years for Stanton and five-to-eight years for Stevens.

Two Collinsville men, Hugh D. and Culman O. Manley, brothers, were sentenced to four to eight years each by Chief Circuit Judge Joseph J. Barr after pleading guilty to burglary at the Biederman's furniture store on Collinsville road.

In other circuit court action last week, State's Atty. Leon Scroggins won a jury trial conviction against Elder Mack, 22, of Alton, who was found guilty of murder in the fatal shooting of Alton taxicab driver, Swaney Young Martin.

Two Cyclists Charged

Two motorcyclists were arrested on duplicate charges Friday afternoon by Madison police. Charged with failure to observe a school stop at Seventh street and Lee avenue and with speeding were Robert Forshee, 524 Alton avenue, and Jimmie Moran, 2120 Hildebrand avenue.

USO HOSTESS at St. Louis provides young airmen stationed at Scott Air Force Base with information and free movie tickets. The USO, an agency of the United Fund, operates 175 world-wide club facilities, including 17 in Vietnam and two in Thailand.

Needed Services Provided by ARC and USO

A sharp increase in the number of inquiries relating to servicemen overseas and an upsurge in calls for assistance with varied problems connected with military dependents at home have been experienced within the past 12 to 18 months by the Tri-City Chapter of the American Red Cross, an agency of the United Fund.

Responsibility for giving aid to members of the Armed Forces, veterans and their families was placed with the American Red Cross by the Congressional charter of 1905. However, operation of local chapters is carried out with contributions made through the annual United Fund appeal.

A proportionate rise in services is being handled by the United States Organizations (USO), another agency of the Tri-Cities United Fund, which serves the welfare needs of the men and women in the Armed Forces.

175 USO Clubs
At the present time, there are 121 stateside and 54 overseas USO operations. Two are located in Thailand and 17 at once-unfamiliar places in South Vietnam, whose names are all too easily recognized nowadays by most Americans.

USO Club programs are in operation at An Khe, Chu Lai, Nha Trang, Di An, Saigon, Con Rahn Bay, Vung Tau, Quin Nhon and Tan Son Nhut. Returning Vietnam veterans are no strangers to the USO club facilities located in the vicinity of Da Nang at China Beach, Freedom Hill, Golden Gate and Liberty Center.

Servicemen stationed at the Granite City Army Depot use the St. Louis USO Club as their hospitality center and the USO plays a large part in the Special Services dances and activities held at the local military installation.

1400 from Here in Services
It is estimated that more than 1400 Quad-City area young people are in the Armed Forces today. They are receiving USO services world-wide, wherever they are stationed.

Last year thousands of gifts were distributed to servicemen in USO Clubs, military hospitals, and by airlift to remote units in Vietnam. Monetary contributions by generous Americans everywhere made possible Christmas Day programs in Vietnam USO Clubs which featured entertainment and free home-cooked dinners with all the trimmings.

The USO allocation from the

1969 United Fund amounts to \$7575.

Red Cross Services
Quick communication between servicemen and their families in time of emergency, financial assistance to servicemen in certain specified situations, social histories to help the military in granting emergency leaves, and assistance with claims for government benefits, are service to all branches of the service at the Tri-City Red Cross chapter.

In addition, the local chapter provides for the military in granting emergency leaves, and assistance with claims for government benefits, are service to all branches of the service at the Tri-City Red Cross chapter.

Red Cross aquatic schools train and certify instructors and lifeguards for city recreation in standard and advanced classes. YMCA Boy and Girl Scouts and other organized swim programs.

Last year the local chapter reported 1911 persons used their services to military families.

First Aid certificates were earned by 228 participants in standard and advanced classes. Red Cross swim certificates went to 381 individuals, of whom 63 earned their Senior Life-Saving Badge.

Keeping the line of communication open between the servicemen and their family, no matter what the cause of the breakdown, is one of the primary factors in providing Red Cross services. Emergency messages about serious personal and family problems travel between ARC field staff in South Vietnam and chapters in the United States at a rate exceeding 29,000 a month.

Emergency Messages
Quad-Cityans needing to send emergency messages to overseas servicemen always are directed to the Tri-City Red Cross office at 1411 Twenty-First street, where the service is provided quickly for many cases.

These emergency messages usually occur when a close relative dies or when a serviceman is needed at home because of other types of emergencies.

While the Red Cross itself cannot grant compassionate leaves, arrangements through verification of necessary information is secured by the Armed Forces through local Red Cross chapters.

The Red Cross also is charged

by Congress with joint responsibility in national disasters, such as tornado, flood, fire or explosion, and in the event of nuclear attack.

Other programs sponsored by the Tri-City Red Cross include Junior Red Cross Clubs at each local high school; special Christmas activities—"city bags" for servicemen in Vietnam; "talking letters" through which families at home may record their voices for the enjoyment of their husbands, fathers or sons at home overseas; and hospital rooms and gift packages provided local inductees at the Edwardsville Selective Service Center.

Allocation of funds to the local Red Cross Chapter from the 1969 United Fund appeal, recently was set at \$26,000, an increase of \$1500 over the 1968 appropriation.

Warren Stubbs, 54, Dies in California

Warren Stubbs, 54, of 2942 Alabama street, LaCrescenta, Cal., died of a heart ailment there in a Veterans Hospital at 3 p.m. Friday. Mr. Stubbs, a native Granite Cityan.

He had been ill several years. Betty, a daughter, Mrs. Catherine McCordie of San Luis Obispo, Cal.; a son, Warren Woodrow Stubbs Jr., who lived at home, and one grandson.

Services are set for Wednesday at LaCrescenta. Survivors include his wife, Betty; a daughter, Mrs. Catherine McCordie of San Luis Obispo, Cal.; a son, Warren Woodrow Stubbs Jr., who lived at home, and one grandson.

Thieves-Vandals Damage Vacant House in GC

A vacant house at 1720 Chestnut street was damaged extensively by vandals-thieves who stole a furnace registers, a thermostat and light fixtures, it was reported to police Sunday by Anne Harroin, 706 Niedringhaus avenue.

In addition, furnace wires were cut, and paint was splattered on wires inside the house.

Fair to Show Scouting from Pioneer Days to Space Age

Approved applications for participation in the 1968 Scout Fair of the Cabela Mound Council, Boy Scouts of America, indicate that the Oct. 11-12 "scouting in action" show will offer a large and diverse selection of booths, demonstrations, displays and stage performances.

Location will be the Wilson Park ice-skating rink-recreation pavilion at 28th and Benton streets. Hours will be 8 p.m. to 10 p.m. on the opening day, Friday, Oct. 11, and 1 p.m. to 5 p.m. and 10 p.m. to 10 p.m. on the closing day, Saturday, Oct. 12.

Tickets costing 75 cents each are being sold by clubs, scouts and explorers throughout the council, which consists of Bond County and the southern half of Madison county.

The spacious rink-recreation building will be filled with booths intended to show a full range of scouting activities, and adjacent park grounds also will be utilized, L. Col. David V. Fox, general chairman of the Scout Fair, reports. He is deputy commanding officer of the Granite City Army Depot.

Camping, canoeing, riflery, As might be expected, camping skills and Indian lore loom large in the advance preparation by packs, troops and posts.

But scouting has kept pace with the times, and the space age will be much in evidence. For example, miniature rocketry will be demonstrated at frequent intervals.

Regular stage presentations are scheduled, and there will be roving entertainment by the scouting unit as one which has formed an instrumental music group. The music? It, too, will be of the latest variety.

Science and engineering exhibits will be demonstrated, as well as pioneering electronics, shell craft and bicycle safety. Cave Exploring, Home Repairs

Philatelists and spelunkers have not been overlooked. For the uninitiated, their presentations will deal with stamp collecting and cave exploring.

Leather craft, papier mache artworks, making of rope, fire-manship, home repairs, soap carving, den games and miscellaneous club scout activities are planned. Indian dances will be performed.

An entire Indian village will come to life at the Scout Fair, with suitably attired scouts. Archery will be shown, as well as axe safety.

First-Class scouts will show "back packing." Award plaques will be produced. Hunting safety will be explained.

Spin art painting is planned, and there will be a demonstration of finger painting. There also will be a variety of hobbies, and a section on first aid for various injuries.

Typical campfires will be shown. Assembly of gifts will be exhibited. And numerous other crafts, skills, activities and bits of showmanship are planned.

Last Fair in 1963
It has been nearly five and

a half years since such a program was presented in the Cabela Mound Council, and scouts in the eight-to-18 age range hope to make up for the lost time with a show of considerable size and merit.

All booths are to be manned throughout each of the three four-hour Scout Fair sessions. Previous years were held at the Venice-Madison American Legion Home and the Army Depot, and the new location is expected to afford even more "elbow room" for the scouts and public, as well as affording a convenient location for residents of the council area to reach.

The scout units will raise funds for their equipment and activities during the 1968-69 year through receiving a portion of the ticket funds. Units reporting on time will get back 35 cents from each 75-cent ticket.

Best of all, the scouts will get a chance to show to their friends, neighbors and others the kind of skills and abilities they have been perfecting at the meetings of their units, at summer camp and at Camporees.

157 Attend Pre-Teen Dance at Kirkpatrick

A group of 157 young people attended the weekly Pre-Teen dance Friday evening at Kirkpatrick Home Recreation hall.

Music was furnished by a newly-formed group called The Other Half, featuring Eddie Melville, Gary Rhodes, Lonnie Jennings and Kevin Miller.

Chaperones were Mr. and Mrs. Howard Evans, William Adams, Mrs. Bonita Gibbs and Mrs. Barbara Smith. A sumo-mage sale is planned by the young people for Saturday, Oct. 5, at 9 a.m. at Kirkpatrick hall, where there will be another Friday evening.

Parking Lot Accident

An auto driven by Earl L. Todd, 2208 Washington avenue, backed into the front of the car of Judith Line, 3044 Red Bud avenue, while the Line car was parked at the Snack Shack lot, Washington and Niedringhaus avenues, at 7:40 p.m. Thursday.

The 16th semi-annual meeting of District V, Garden Clubs of Illinois, was held Thursday at Signal Hill Lutheran Church in Belleville with the Cahokia Club serving as host.

Registration began at 9:30 a.m. followed by the flag pledges. Mrs. J. N. Fitzsimmons, district director, called the meeting to order. Mrs. O. M. McGuire, president of the Cahokia club, extended a welcome and Mrs. J. Reed Jones gave the response. The invocation was given by Mrs. Lyman Royal of the Cahokia club.

A six-month report was submitted by the executive board and a nominating committee was selected.

Winning clubs in the artistic flower arrangements on display were Shiloh Valley; St. Clair county; Collinsville; Winstanley and Lakeview. In horticulture Mrs. C. E. Eads, of the Garden Study Club received a blue ribbon for a "South Seas" pink rose, and Mrs. Robert McCauley of the Cloverview Club, a red ribbon for a leather tree specimen.

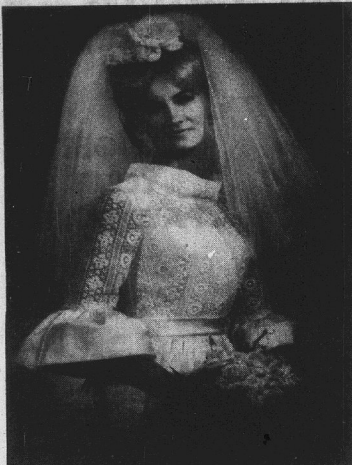

Recognition was given District V judges who have master certificates. They are Mrs. Stephen Shea, Harry Rosinos, F. R. Friedewald and J. E. Boyd. Holding life certificates are Mrs. Klotz and Howard Duff and Mrs. Carl Huesman, accredited judge, and Miss Leila Kobusch, student judge.

A highlight of the afternoon session was a talk by Mrs. William J. Hedley, Clayton, Mo., on "World Gardening." The regional project is participation in "Partners of the Alliance for Progress" set up by the State Department. Through this channel contacts are made by garden clubs and Peace Corps workers, to help people to help themselves.

Thirty-three states in the United States have been assigned as partners to Latin-American states or Nations. Illinois is teamed with Sao Paulo, Brazil, and Missouri with Para, Brazil. These poverty stricken areas have been supplied with seeds, hand tools and fertilizer, according to Mrs. Hedley, who has just returned from Brazil. District V has contributed to this project.

Coming events include a state meeting in Urbana Oct. 14, and a President's Council Day Oct. 24 at St. Peter United Church of Christ here with the Cloverview Club as host.

Local women attending Thursday's meeting were Mrs. Fred Orr, president of Cloverview, with Mrs. B. C. O'Neill, Mrs. Robert McCauley and Mrs. Ray Williamson; Mrs. Earl Gienn, president, Mrs. Mary Madolena, and Mrs. Arthur

MRS. MAURICE BATE HOBBS JR., the former Nancy Slay, a daughter of Mrs. Arthur H. Slay, 2822 Yale drive, and the late Mr. Slay, who was married Saturday afternoon at St. Peter United Church of Christ.

Miss Slay, Maurice Hobbs Exchange Wedding Vows

The wedding of Miss Nancy Slay and Maurice Bate Hobbs Jr. took place Saturday in an impressive afternoon ceremony at St. Peter United Church of Christ, 21st street and Cleveland Blvd. Rev. Dr. Robert J. Baumann officiated at the 6:30 service.

The bride is a daughter of Mrs. Arthur H. Slay, 2822 Yale drive, and the late Mr. Slay. Mr. Hobbs' parents are Mr. and Mrs. Maurice Bate Hobbs of Atlanta, Ga.

The church was decorated with pedestals of hot pink carnations and white stock at either side of the altar and arrangements of the same flowers behind the communion table, flanked by candelabra and woodruff fern.

Alternating pews down the aisle were marked with candles entwined with garlands of amilax and white satin ribbon. Satin and lace pillows used on the kneeling bench are a Hobbs family tradition, having been used by all brides of the family for several generations.

A program of wedding music was provided by Mrs. Richard Branding, vocalist, and Robert Dane, organist. Mrs. Branding's songs were "Because" and The Lord's Prayer.

Given in marriage by her uncle, George Slay of Alton, the bride wore a gown of white Venise lace and pearls, sole enhanced with a wedding ring neckline and elbow sleeves with wide ruffle trim. Vertical bands of lace graced the skirt and the sweeping train, and forward floral petals held in place the bride's tiered veil of French illusion. She carried a small French bouquet of lilies of the valley, stephanotis and pink Sweetheart roses.

Mrs. John C. Leritz of Houston, Tex., the bride's sister, and Miss Carol Cooper of Atlanta, were honor attendants. Miss Peggy Thomas, also of Atlanta, Mrs. W. Neil Lord of Columbus, Ga., a sister of the bridegroom, and Mrs. Ronald Slay of Houston, served as bridesmaids. They were dressed alike in a purple sate fabric in shirt-waist style. Soft bows accented the fronts of the long skirts and they carried cascades of mixed flowers shading from light through deep pink.

Mr. Hobbs had his father as best man, and the corps of groomsmen and ushers included Andrew C. Hobbs and Clifford Hobbs, Atlanta; Donald Slay, Houston; Frank Huitto, Tucson, Ariz.; David Hynes, New York, and Neil Lord, Columbus, Ga.

For her daughter's wedding Mrs. Slay selected a pink costume suit. The bridegroom's mother was in gray-blue lace and both wore orchid corsages. Mrs. Fred Cunningham, maternal grandmother of the bride, wore a blue jacket dress and matching accessories.

The wedding reception was held directly after the ceremony at the Lockhaven Country Club in Alton. The receiving line formed before a gold mirror in the foyer, flanked by two pedestals filled with white flowers. The satin skirted buffet table, was centered with an ice carving and garlanded with greenery and white flowers with silver candelabra at either end.

The bride's table held arrangements of white autumn flowers in silver bowls. Hurri-

cane lamps with flowers and greenery were used on the smaller tables and white flowers also decorated the club throughout.

After a wedding trip the newlyweds will live on Roswell road in Atlanta.

The former Miss Slay attended St. Louis University. She is employed as an airline stewardess. Mr. Hobbs Jr. attended Marietta College high school and was graduated from Auburn University. His fraternity is Sigma Alpha Epsilon.

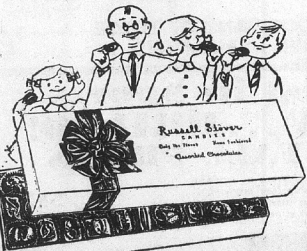

He is employed by Consolidated Aluminum Corp.

The bridegroom's parents gave the rehearsal dinner Friday evening at the Rose Bowl, and Miss Grace Costello, 2501 Washington avenue, entertained the wedding party at a brunch Saturday morning.

Troop 275 Plans Bicycle Hike

Junior Girl Scout Troop 275 sponsored by the Niedringhaus PTA held its weekly meeting at the school Friday afternoon with the leader, Mrs. Jo Ann Jarrett, assisted by Miss Linda Palette.

The Patrol opened the meeting with the posting of the colors with Romona Plantz as caller and Beverly Edwards as flag bearer. The troop repeated in unison the flag pledge.

Attendance was recorded and "Dimes for Daisy" and dues were collected. Mrs. Jarrett welcomed a new member, Becky Brukaw, and announced that, following the regular meeting next Friday a cook-out will be held at Wilson Park and an all-day bike hike will be held Saturday. The troop will meet at the school and members are to have sack lunches. This will be applied to the cyclist badge.

A fund-raising project was discussed and plans were made for a Halloween party Oct. 25. The meeting was dismissed with the singing of Taps led by Cathy Palette. Answering roll call were Mary Lee Biglum, Mona Callis, Denise Chastain, Lynda Diak, Lynda Donoff, Mary Egan, Genis Forshee, Ruth Ann Geggus, Mary Beth Hillmer, Pam Hillmer, Diane Mathias, Brenda Mueller, Janet Parker, Claudia Schwendeman, April Spiers, Pat Hillmer, Diane and Sandy White and a guest, Patti Jarrett.

Lydia Class Is Honored

The Lydia Class of Third Baptist Church met Thursday evening in the home of Mrs. Vern Kirkpatrick, 2313 Washington avenue.

The teacher, Mrs. Eileen Fitzgerald, gave the devotions on "Service" and a responsive service followed. Mrs. Fitzgerald complimented the group on helpfulness in working in departments of the Sunday school. Thirteen of the 34 members are aiding various departments.

The group voted to change the meeting date to the third Thursday of the month. As a class project, a large print Bible will be purchased for a nursing home.

After the business hour games were played and several prizes were awarded. The hostesses served refreshments to Mrs. Betty Smalle, Mrs. Betty Rainis, Mrs. Millie Norris, Mrs. Ruth Dowditt, Mrs. Marie Johnson, Mrs. Fitzgerald, Mrs. Lillie Barnes and Miss Gae Norris.

The next meeting will be Thursday, Oct. 17, in the church fellowship hall. It will be a pot luck supper.

GC Trust Bank Launches 'Dress-A-Doll' Contest

A prize contest which will provide Christmas gifts for many less fortunate children of the community is being started this week by Granite City Trust & Savings Bank. The pre-Christmas project was announced today by Ernest A. Karandjeff, bank president.

Designated as the "Dress-A-Doll" contest by officials of the local bank, those entering the competition will continue for individual prizes in six doll-design categories, plus a Grand Prize, for the best-dressed dolls submitted to the project.

Karandjeff noted that anyone wishing to help provide a special Christmas gift for a deserving child is invited to enter the contest now by stopping at the Granite City Trust & Savings Bank, 1909 Edison avenue, and select a free doll to de-

sign and clothe in home-sewn garments.

The dolls, furnished without cost by the bank, stand 18-inches high and are partially dressed in shoes, stockings and underclothing.

Contestants will complete dressing the doll in their choice of costume in one of the six competing divisions — fancy dress; sensible dress; national costume; knit and crocheted wear; and a special category for young people under the age of 15 years.

When the costume is completed, the dolls are to be returned to the bank for prize judging and display, Karandjeff said. Shortly before Christmas, the dolls will be turned over to various local social service agencies as Christmas gifts for area children who may otherwise be missed at Christmas time, the bank official added.

New \$1,248,222 Dietary Unit at Alton Hospital

Construction of a new \$1,248,222 dietary services building at Alton State Hospital recently was started by Wuehler-Manns Construction Co., it was announced this week by Dr. Abraham Simon, superintendent.

Equipment cost for the new facility will be approximately \$130,000.

The 224x127-foot dietary building proper was approved by the Illinois Building Authority, where funds were obtained through the sale of bonds. The cost will be repaid by the Illinois Department of Mental Health.

The new central dietary unit will house the main kitchen that prepares all meals for the entire hospital except special diet meals. Other services will include an employees' cafeteria, store rooms, bakery, refrigerated storage rooms and frozen food lockers. More than 4200 meals are prepared daily by the hospital kitchen staff.

Scout Fair, 1969 Goals Announced Here By Council

The 1968 Scout Fair Oct. 11-12 at the ice skating rink in Wilson Park and 1969 program goals have been revived by the Cahokia Mound Boy Scout Council executive board.

Council President Carl E. Matthias is urging a large public attendance at the fair, which will show "scouting in action." Sessions are set for 6 to 10 p.m. both days and 1 to 5 p.m. Oct. 12.

Cubs, scouts and explorers are selling tickets, with part of the funds to go to their units.

An eight-year manpower-boy-power program known as Boy-power '78 is proposed, with Uniwah district December 1969 goals set at 1084 cubs, 809 scouts and 257 explorers for a total of 2150, 36 packs, 32 troops and 18 posts for a total of 86 units; 36 of the top unit leaders trained; and 16 of the units qualifying as "national standard units."

District annual meetings will include the 1968 Uniwah district banquet Nov. 14 at St. Elizabeth-Catholic Church. Announcements included an explorer rendezvous, annual council meeting, "Klondike" derby, career carnival, Boy Scout week, appreciation dinner, district camporee, Philmont Ranch expedition, commissioner conference, district training courses, regional training seminars, the 1968 Region Seven meeting Nov. 9 in Chicago, cub "pow wow" Nov. 23 and national jamboree July 11-25, 1969.

A film was shown on "America's Manpower Begins With Boypower" and Council Executive Eugene Cox with the aid of district officers reviewed population trends, goals and explorer program changes.

Active support of the United Fund among scouts is being urged. Next executive board meeting will be a dinner Oct. 30 at the Army Depot.

Last Rites Saturday
Services were held Saturday afternoon at Bunker Hill for Mrs. Alta Raymond, 62, who died last Tuesday at St. Francis Hospital, Litchfield. Among her survivors is a sister, Mrs. Alyce Hill of Granite City.

SCOUTS STUDY FLAG

Junior Girl Scout Troop 313, sponsored by the Parkway PTA, held a weekly meeting at the school Thursday afternoon with the leader, Mrs. Mary Jo Mothershead, assisted by Mrs. Paulette Bell.

The meeting was called to order with a flag ceremony and the members repeated the pledge of allegiance to the flag. A discussion was held on business, and plans were made for the ensuing school year.

Guests for the afternoon were Miss Vickie Yetter and Miss Carol Wilkison of Cleveland, O. Both are former senior scouts and are freshmen at SIU-SW. They taught the girls flag etiquette and several scout songs. Refreshments of candy apples were furnished by one of the members. Answering roll call were Allison Bell, Susan Banzel, Toni Cucarati, Gayla Gray, LaDonna Lowell, Lisa and Lou Marcus, Debbie Melton, Glen A. Mothershead, Valerie Orescovich, Jane Severine, Tina Snider, Vicki Skerle, Tammy Smith, Darla Stagg and Dawn Wallace.

CONTEST CONTINUING

Mrs. Katherine Smith, leader of the Tops Will Show 'Em club, presided at a weekly meeting at Schermer's civic center Thursday evening. The meeting opened with the pledge of allegiance and the Tops pledge.

"Weighing in" was conducted and roll call was answered with weight gains and losses for the week. The winners drew activity slips out of a penalty box and performed their deeds for the club members.

Mrs. Smith then the award and queen of the week, and reported that Team No. 2 is still in the lead of a weight losing contest now in progress. The president introduced and welcomed two guests, Mrs. Fern Eggley and Mrs. Rama Patel of India.

Reports were given and hostesses for the remainder of the year were chosen. Each hostess is to serve for a two-week period. Mrs. Sheila Stuch and Mrs. Marie Borger will head a committee to assist Mrs. Rosalee Portell in selecting material for a regal robe which will be the "queen of the year" event to be held later in the year. Mrs. Portell will make the robe.

A singalong was held and the ladies participated in games and exercises. There were 15 members present. The next meeting will be at the center Oct. 3. Those interested in joining the club may call 877-8857.

LOSERS CLUB WINNER

The Losers club held a weekly meeting Thursday eve-

ning at the home of Mrs. Rose Yates, 2445 Jorden avenue.

Mrs. Sharon Richert, president, presided over a short business session and awards were presented to Mrs. Eunice Dennis and Mrs. Marian Kelly, who shared "queen of the month" honors. Mrs. Mickey DeMartina was crowned queen of the week.

The meeting adjourned to the Flaming Pit restaurant, Edwardsville, for a birthday dinner honoring Mrs. Dennis. She was presented with a silver birthstone charm in the shape of a four-leaf clover for reaching a weight loss plateau.

Others in attendance were Mrs. Shirley Gausepohl and Mrs. Melba Fricker. The next meeting will be at the Yates home Oct. 3.

TROOP ADDS MEMBER

Junior Girl Scout Troop 29 sponsored by Webster PTA met Thursday afternoon with the leaders, Mrs. Jackie Watkins and Mrs. Doris Gaines. The Lightning Star Patrol led a flag ceremony and the members recited the scout laws, the promise and sang, "Wherever You Make a Promise, You'll Keep It." A program in preparation for an investiture program to be held at the school Oct. 16.

Mrs. Watkins introduced a new member, Laura Fairfield, and a visitor Donna Hunt. Mrs. Gaines explained the block protection and helping hand program and assisted several of the members in preparing a bed roll which completed the campers' badge.

The troop formed a circle with the leaders to hear announcements of coming events. On Saturday they will hike to the Lewis and Clark Park from the canal bridge; a troop birthday party will be held at the school, Oct. 9 and a court of awards is set for Nov. 5.

Answering roll call were Mrs. Jackie Adams, Laura Arbogast, Tammy Arnold, Sharon Christensen, Karen Crowell, Pamela Gaines, Judy Hartsock, Debbie Joseph, Kathy Korne, Corina Kuhn, Nancy Liddell, Susan McKinley, Vicki Moody, Jana Russell, Dena Sitter, Patti Stagg, Gail and Kay Watkins, Candice Werth and those named.

Miss Gray and her guests spent the evening star gazing, telling ghost stories and playing games, and records and dancing. One of the guests, Miss Margie Settemi, had her guitar and a midnight sing-

along was held. Refreshments of homemade ice cream which the girls prepared and cookies were served later in the evening. The nightwatch ended at 8 a.m. Saturday and breakfast was served. Guests were Misses Settemi, Cindy Con, Jerri Gray, Joni Miller, Debbie Thrasher, Donna Short, Jackie Thompson, Toni Stout, Sue Welsh, Ruth Myracle and Ruth Winters.

WHO OWNS THE WATER COMPANY?

This may come as a surprise, but you could very well be one of the thousands who own a share of it directly or indirectly, and have a stake in its future. For instance, the money in your savings account, your premiums on insurance policies, or the money in your retirement fund could be invested in its securities. It comes about this way: banks, insurance companies, and pension trusts must invest the funds of their customers and policyholders so as to earn money for their accounts. Some of these funds have used the resources at their disposal to buy securities of the water company. It's a small world.

Early Adoption of Zoning Urged for Madison, Venice

By HARRY BARNES

Adoption at the earliest possible date of zoning ordinances by both the cities of Madison and Venice—along with their inspection and full enforcement—are recommended in a preliminary report of housing conditions in the two communities by the Southwestern Illinois Metropolitan Area Planning Commission.

The recommendations are among a series of development proposals outlined for the two cities by SIMAPC staff members in a recent meeting of the planning commissions of both communities.

Full compliance with zoning requirements will be the first step toward renewal and rehabilitation of housing conditions in the two municipal areas, both of which have more than the usual quotient of substandard housing, SIMAPC officials said.

The preliminary report outlined at the session is the first of an overall report on existing housing conditions and an overall master plan of development which is to be completed by SIMAPC staff members in the next year. The plan is being developed for the two cities under a program initiated a year ago for comprehensive planning for the two communities. Such planning is necessary for either of the two cities to obtain federal funds for housing, sewer extensions or other community improvements.

While at SIU-SW he was active in the Debate Club and in drama at the Alton center. He is a member of Tri-City Council 1098 of the Knights of Columbus and of Sacred Heart Church and formerly was an officer in the Magr. Dennis J. Ryan circle of Columbian Squares. During summer months he was employed in the offices of Willard Portell, Madison county clerk of the circuit court.

The new lawyer is the son of Mrs. Emeline Hennessey, 2453 Jerden avenue, and the late Mulford J. Hennessey. He has two sisters, Miss Rita Ann Hennessey and Mrs. June Painter of Granite City, and a brother, Tom Hennessey of St. Louis county.

90 K. of C.'s Attend Communism, Breakfast

About 90 members and guests of Tri-City Council 1098 of the Knights of Columbus attended a corporate communism and breakfast at St. Mark's Church, Venice, Sunday.

Guest speaker was William Beatty, Granite City attorney. He spoke on individual rights and interpretation of the laws by the U.S. Supreme Court. He also introduced Robert Hennessey, a council member who Friday was informed that he had passed the state bar examination. Beatty was introduced by Robert McCormick.

Steve Salich, district deputy, spoke on fraternalism. Rev. Terry Shea, pastor of St. Mark's, presented welcoming remarks. Michael E. Schuler, grand knight, conducted the breakfast meeting. Carl Petty was chairman in charge.

At the council's regular meeting Thursday night, Salich was re-elected as president of the Columbus Home Association, property holder for the council. Others elected were Schuler, vice-president; Edward Lenzi, secretary; William P. Morris, treasurer; and Albert Sauer, three-year trustee.

Fred Tritsch, sports committee chairman, reported on the council's recent ping-pong tournament. John Kordecki, council activities chairman, reported on a dance held Sept. 14 and announced that another will be held Nov. 16, featuring the Barbara Johnson orchestra.

Harry Hadley, faithful navigator of the Fourth Degree assembly, reported that the council will hold a boat excursion on the Huck Finn on Oct. 12 with the boat to leave the Venice dock at 6:30 p.m. Entertainment and refreshments will follow at the K. of C. club.

It was reported that the first degree of the order will be conferred Oct. 28 at Edwardsville and that the second and third degree initiation will be held here Nov. 24.

Schuler conducted the meeting, and food and refreshments, prepared by lecturer Joseph Bergamo, were served.

Firemen Douse Auto Fire; Remove Ring

A carburetor malfunction caused \$75 damage to a 1956 auto owned by Russell Harrison, 205 Washington avenue, at 5:35 p.m. Sunday in the 2000 block of Iowa street. Granite City firemen were called to the scene.

Firemen were called upon to cut a ring from a finger of Roy Carter, 25, of 4806 Kirkpatrick Homes, who had a dialed right hand. He appeared at the main fire station at 9:40 p.m. Sunday. A nurse was summoned from St. Elizabeth Hospital to administer a pain-killing inoculation.

Madison also must consider abandonment of several streets in order to reduce through traffic in residential areas, the report states.

In reference to housing conditions in Venice, the report sets out that between 1950 and 1960, the supply of housing in that community declined by 255 housing units. "This can be expected to continue in the future and an accelerated replacement program will be needed as well as an accelerated program of code enforcement and environmental upgrading," SIMAPC says.

Only about half of Venice's housing is owner occupied, which is significantly low, the report continues, adding that this is due to the low median income which makes it difficult for families to purchase a house of their own and at the same time provide basic necessities of life.

It is the relatively large numbers of old housing units, high proportion of renters and the lower median family income are contributing factors to the amount of blight in the community's housing stock," the report adds. It says that substantial housing conditions are not unique in Madison and that while many communities are presently plagued by blighted environmental and housing conditions, they are trying to eliminate these conditions through adoption of a strict housing code, enforcement of building, housing and other related codes, and through urban renewal.

SIMAPC staff members find, the report says, that housing stock in Madison can be treated in three general ways—conservation, rehabilitation and redevelopment. Conservation prevents the cause of blight. It requires suitable land use and density patterns, strict enforcement of housing and related codes, effective municipal housekeeping functions, and adequate community facilities. Conservation areas are areas of sound housing with very few substandard units.

Rehabilitation, it points out, prevents the causes and removes the physical signs of blight. It requires the renovation of all deteriorated structures to make them sanitary, safe and suitable for human occupancy; provision for adequate public improvements and facilities; removal of incompatible land uses and extensively dilapidated structures, and the application of all conservation techniques.

Redevelopment, the report goes on, is the process of clearing land of dilapidated structures by demolition and making the land available for the most suitable use.

In addition to adoption of a zoning ordinance for Madison, the report also recommends the adoption of a strict housing code primarily directed toward bringing existing structures up to acceptable standards. Enforcement of such ordinances, however, must be accompanied by "a careful program of inspection and enforcement," the report asserts.

be given to all proposed zoning changes. In this regard, the land use plan (which will accompany the overall master plan) adopted by the community can provide a policy guide and this should be consulted when reviewing and before acting upon requests for zoning changes.

Little Vacant Land
The report also emphasizes that Venice presently "has a low proportion of its land vacant and plans concerning annexation are doubtful. If the community is to experience a population increase and reverse the loss of population," it says, "it must annex and rehabilitate or redevelop its present residential areas. The city must redevelop its residential areas in order to get the maximum use of its limited residential land."

Referring further to problems in Venice, the report adds: "An underlying problem of the residential areas of Venice is their high degree of isolation resulting from fragmentation by industry and railroad tracks. It is recommended that attention where feasible, improved accessibility may be approached through traffic signalization and the opening of new streets. Where possible, future residential development should be encouraged to locate in areas contiguous to existing residential areas."

The reports are to be studied by the planning commissions and city officials of the two communities for more thorough discussion in a meeting that will be scheduled soon.

Local Divers Capture Spearfishing Awards

Two members of the Bubblemasters Scuba Diving Club of Granite City excelled this weekend in spearfishing competition held at Panther Bay, Norfolk Lake, Mo. The two-day diving meet was sponsored by the St. Louis Scuba Club.

Local divers receiving awards were Ed Duffin, who appeared in the largest amount of fish during the weekend and Ron Homyer, who captured third place in the "largest fish" contest.

Thirty divers competed in all events, with Ernie Colbert of the St. Louis Scuba Club and Bill Dover of the Lung Rangers sharing the first place trophy and Bill Light of the St. Louis Club taking second place.

DOGS NOT CONFINED ARE MENACE TO PASSERS-BY

To the Editor:

In a recent issue of the Press-Record was an article, "Keep Dogs at Home."

Just to keep a dog at home is not enough. The animal should be confined within a fence or tied where it can harm no one.

This was my experience about ten days ago:

I was walking on the sidewalk tending to my own business. There were two dogs at the front door of a certain house barking and scratching the screen, apparently wanting in the house.

A lady came to the door and may have scolded them; I do not know. But one dog ran to the side of the house and the other one ran to me on the sidewalk.

This dog bit me on the leg (two places).

If you care to verify this you may do so by contacting the humane officer, as I reported it to him. Later, he called at the house where the dogs lived.

GRANITE CITY WOMAN

DALEY COMMEMORATED FOR PRESERVATION OF ORDER

To the Editor:

The Granite City Democratic Precinct Committee is proud to commemorate Mayor Daley on the preservation of law and order in the streets of Chicago during the recent Democratic national convention.

Despite the impulsive onlookers who were subjected by certain news media, we have been fortunate in obtaining a full report of the happenings in Chicago from our own metropolitan area news reporters who were also in attendance at the convention.

Submission or capitulation to the tactics attempted in that city would have had the effect of surrendering every major city in the United States and the disintegration of law enforcing bodies all over the country.

Certainly the young people of this nation have indisputable rights to express their opinions, their ideals, and their preference of foreign policy, domestic policy, and government representation—whether it be national, state or on the local level.

This is true especially of those called upon to serve their country in foreign lands, whether it be military or otherwise.

However, these ideals can best be promoted and expounded by creating for and within themselves the proper respect for law and order and observance of the outer processes under which desired changes can be effected.

Again our congratulations to

Mayor Daley and to the efficient police force of the city of Chicago.

THEORIES PRESENTED ON MAKING DEMOCRACY WORK

To the Editor:

Violence is nothing new. As history records it, it has been since the beginning of time.

I can't say I like it, for I know it is wrong. But it will continue as long as the world stands.

We, the American people, must speak out for the cause of freedom and justice. There is room for improvement in our American way of life.

We need to let our young people know that it is not good for them to take part in demonstrations like the one in Chicago, which was well planned by the Communists and served no purpose whatsoever in bringing peace to our country and our boys in Vietnam.

There is a lot to be said and done in order to preserve and keep democracy alive in America.

Our political leaders must take positive action to relieve a lot of conditions that face the young and the old, and bring about a better life for all.

Work should be provided for all able-bodied men and women. They should be made to work and support their families and pay their taxes, regardless of the color of their skin; they should all be treated alike.

Big business needs to be made to pay the greater share of taxes for the good and welfare of this nation, so that states, counties, cities and their people can be helped to rebuild and educate their children—and so we in the United States of America can show the rest of the world that democracy will work.

Record Expenses for Tax Purposes

(Internal Revenue Service)

Q—Should I keep my paycheck stubs for tax purposes?

A—While these stubs may be helpful, the W-2, Wage and Tax Statement, you receive from your employer at the end of the year contains the wage data needed for tax purposes.

It shows your total earnings and the federal income and Social Security taxes withheld. A copy of the W-2 should be filed with your tax return.

However, many paycheck stubs show the amounts withheld for items such as medical insurance and union dues. If you itemize deductions when you file your 1968 return, these totals should be helpful to you.

It's a good practice to keep records of all expenses that are deductible for federal income tax purposes. Put your receipts

and canceled checks for charitable contributions, medical expenses and interest expenses in a special envelope, cigar box or file folder.

Most people starting their first job find it to their advantage to take the standard deduction rather than itemizing. But unless you have kept records of your deductible expenses you will not be in a position to itemize if that happens to result in a lower tax for you.

Q—My return was audited and I got a bill for \$1,000. Can I pay this off in installments?

A—No, there is no provision for the payment of taxes in installments. Full payment is due upon receipt of the bill.

Note that your bill includes interest at the rate of 6% a year on the unpaid balance. This interest will continue to be charged as long as the taxes remain unpaid.

Alton May Join List of Cities Using Our Income Taxes to Renew Downtown District

Everybody's doing it.

Latest community to launch plans for downtown rejuvenation through the federal urban renewal process is Alton, where the City Plan Commission met Sept. 24 to consider the proposed application for substantial renewal funds to develop and redevelop sections of the central business district.

In Granite City, where a similar approach is badly needed, the Alton discussion is of considerable significance because it is "our" money that would be expended.

Local residents and a business through their income taxes help create the federal income tax which many millions of dollars have been poured into St. Louis and countless other cities, possibly including Alton someday.

Renewal clearance programs have two big advantages from the standpoint of local property taxpayers—the bulk of the money comes from the U. S. government rather than from the municipality, and the procedures can enable an adequate amount of land to be provided for one or more redevelopment projects.

In the case of Granite City, renewal could go a long way toward solving the chief deterrents to downtown resurgence—diversity of stores and merchandise, sufficient parking and convenient access.

We're paying for renewal, anyway, with every payroll deduction. If the grand total spent everywhere for urban renewal could be tabulated, it undoubtedly would be an eye-opening figure. Unfortunately, it has all been so small and where else, for somebody else's benefit.

It's not just a matter of "catching up" and getting our rightful share of these tax funds, of course. The overriding issue here is the need to reverse the present downward economic activity. With the constant improvements in autos and highways, such a reversal must be earned, for shoppers clearly have the ability to drive long distances if they wish to spend money only on new and less than all-out effort will be self-defeating.

The Granite City council, where the renewal application is pending, is in the position of choosing between a sounder economic base with growing prosperity and a deterioration of jobs, commercial facilities, tax income and prosperity.

The crossroads between progress and decline has been reached. It is up to the city government, and the people it represents, which direction will be taken.

Recess Plan Gives Assembly As Well As Governor Right to Call Legislative Meeting to Solve Urgent Needs

(The Springfield Scene)

The act of the July "recess session" illustrates the need for improvement in the state's legislative process.

The legislature speedily passed 408 bills in eight days of House meetings and six days of Senate business during the two-week session.

Of the 181 bills passed which contained new law or substantive changes (90 House and 71 Senate bills), the governor signed into law 131 and vetoed 30.

Of the 247 bills (92 House and 155 Senate) containing statutory revisions, the governor signed into law 230 and vetoed 17.

This was the first time the Illinois legislature has gone into a recessed session and, technically, the 75th General Assembly is still in session. However, for all practical purposes, the session has ended; it is officially recessed to one hour before the 76th General Assembly convenes on Jan. 8, 1969.

The problems that caused members of both Houses to shout their frustration from the floor during the session continued after the session was over.

The legislators' shouts of "Chaos! Chaos!" were echoed more subtly by Attorney General William G. Clark when he passed on the constitutionality of the bills as he signed them.

Clark said in a prepared statement that the General Assembly "passed bills at this last session with great speed

and in such haste that the bill received the necessary two-thirds vote in the Senate and in the House."

Gov. Shapiro echoed the problem again in several of his veto messages when he noted that bills "which were considered by the General Assembly during its brief July session could not be reviewed by the only body of constitutional, harmonious, consistent or repugnant."

The governor's vetoes are absolute, since the 75th General Assembly did not reconvene to consider overriding them.

It must be remembered that

Minority Mayors On the Way Out But Minority President is Likely

Reports from Chicago, as well as local indications, bear out national samplings which show the Wallace third party ticket attracting a considerable slice of the presidential vote Nov. 3.

What remains in doubt is whether this will benefit the Nixon or Humphrey campaigns the most. It has been widely assumed that the Republicans would win, but it is not clear if it is the stature of a three-way debate, which Humphrey is willing to accept.

But rumblings here and in Cook county seem to show the bulk of the American Independent Party support coming from union members, who generally vote Democratic. Wallace has some support from the far right wing of the GOP, but this is not the main source of his numerical strength, estimated now at a fifth of the electorate. As a result, a Republican sweep seems virtually certain in Illinois, and highly possible nationwide.

Appeals to "vote for someone who can win" and "don't help the other party" will be used by both major candidates in trying to limit the number of third party ballots, but how effective this argument will be is uncertain.

In any event, it is likely that the new president will have been backed by less than 50% of those who vote, reminiscent of past mayoral elections in Granite City and Alton. Interestingly, moves are in progress in both of those cities to schedule runoff elections and assure that the mayors taking office in 1969 will have won by a majority rather than a minority.

Braided Five-Week Madison School Dispute Failed to Provide Any Lasting Solutions

The Madison teacher-school district dispute now settled was a bruising one for all concerned—students, faculty members, other school personnel, elected officials and the general public.

Construction was delayed for four weeks and then hampered for one week. Classes extending well past the usual spring closing date will be necessary.

As the involved parties attempt to mend relationships and fashion an effective educational program, it would be encouraging to be able to say that the agreement makes future disruptions less likely.

Unfortunately, the \$116,600 settlement was for only one year, and there has been little or no visible improvement in the inadequate methods board members, administrators and school employees utilize to seek agreements on salary, fringe benefits and working conditions.

Was thought given to instructional innovations that might add to overall school efficiency or effectiveness.

As was expected from the start, the courts again avoided defining rights and duties of any of the school authorities and personnel, leaving the whole subject of school contracts and discipline still under the legal cloud that has existed for a number of years.

We hope some lessons were learned. But new upheavals in school operations clearly seem on the horizon in this region.

New Opportunity to Brighten Christmas for Local Servicemen

"Yule Mail Call" time has arrived again, and Quad-Cityans once more will have an opportunity to add to local servicemen's Christmas cheer in Vietnam and elsewhere.

The procedures, outlined in regular Press-Record articles, are simple. Addresses of the men and women serving away from home are compiled and published. Individuals, clubs, church groups and other organizations then send greeting cards, letters or gift packages.

Judging by the past two years, the response is likely to be hearty. It should be because those in service are sacrificing much for their nation and the world, and the mail they receive at distant outposts provides a big boost in their morale.

This extended session was an experiment.

In the past, the legislature has adjourned sine die (without date) when it completed the usual six-month session at the start of every biennium.

Special sessions could only be called by the governor, who could then dictate the agenda.

Since 1957, special sessions had been called in every biennium except one.

The state constitution has no provision to allow the legislature to call itself to a special session.

However, by not adjourning, the 75th General Assembly, in effect, gained that power.

This experiment to circumvent the state's "horse and buggy" constitution in an attempt to give the state's legislative process some badly needed modernization had been recommended by the Illinois Commission on the Organization of the General Assembly as a substitute for annual sessions.

The proceedings of previous special sessions had been described by the Commission as "customarily both hurried, devoid of the deliberative atmosphere that should characterize the legislative process."

The Commission intended the recessed session to be used primarily for:

1. Consideration of special problems which could not have been dealt with during the regular session, and

2. To give legislative consideration to the governor's vetoes.

Taken on that basis, the primary reason for the summer session would have been consideration of the state's fiscal situation.

Other pressing issues included the need for new anti-crime legislation, fair housing legislation, correcting and finalizing the Natural Resources Development Bond Act (\$1 billion for combating air and water pollution), and emergency appropriations.

Of these, a \$60 million loan from the Motor Fuel Tax Fund to the General Fund was approved, changes in the anti-pollution bond act were approved, and one segment of the anti-crime package was approved (arrest and search), as well as a minor fair housing measure.

Defeated was the basic Fair Housing Act, a badly needed supplemental appropriation to the state Fair Employment Practices Commission and most of the anti-crime package, as well as a bill that would have prohibited employers from inquiring about prior arrest records of prospective employees except for felonies and sex offenses.

ILLINOIS SESQUI SCRAPBOOK

Illinois in 1818—Original Capital On Island Reached from Missouri

Illinoisans and others who wish to visit the site of the territorial and first state capital of Illinois during the sequentennial will have to cross the Mississippi River twice, first at Chester.

Then, after a 12-mile drive in Missouri, they again cross the old channel of the river at St. Mary's, Missouri, to the "fragment of Illinois west of the Mississippi River."

Kaskaskia, territorial capital, 1809-1818, and state capital, 1818-1820, was originally built on the banks of the Kaskaskia River, also called Otaw by the Indians.

The Menard branch of the state penitentiary was built on the opposite bank of the Kaskaskia.

In 1881, flood waters of the Mississippi River cut through a narrow neck of land and took over the old channel of the Kaskaskia River. This made an island out of the village of Kaskaskia and the lower end of what had been a peninsula—and the penitentiary now faces the Mississippi River.

The exact location of the main channel of the Mississippi River before 1881 is in dispute before the U. S. Supreme Court. Thousands of acres of land northwest of the present channel of the river are claimed by both Illinois and Missouri.

However, there is no question about the fact that land inside the levee on the island of Kaskaskia was and is a part of Randolph county and the state of Illinois.

The Liberty Bell of the West, older than the Liberty Bell in Philadelphia, and the church of the first Roman Catholic parish in Illinois—founded by Marquette in 1676—are both located on the island, inside the levee.

The village of Kaskaskia, including the original capital building, have been washed away by "a constantly shifting water of the Mississippi River, which has reduced the size of Kaskaskia island."

Grassroots Government

The Illinois Commission on the Organization of the General Assembly was directed by a unanimous vote of the House to study the problems and procedures of extended sessions.

The Commission, led by Rep. Harold A. Katz, Glenwood Elementary School (chairman), and Sen. Harry W. Fawell, Naperville Republican (vice-chairman), will request written statements from legislators and interested citizens on streamlining and increasing the efficiency of extended sessions.

Those wishing to make written statements, recommendations and suggestions as to the methods, rules and procedures to promote an orderly meeting of the extended sessions may write to William L. Watson, Secretary, Commission on the Organization of the General Assembly, 20 North Wacker Drive, Chicago 60606.

The need for streamlining Illinois' legislative process is vitally important to cope with the present and future needs of the state.

When the Legislative Article is carefully reviewed, it is apparent why a Constitutional convention is needed—and why Con-Con is broadly supported.

Voter Registration Deadline is Near

Quadrants are being reminded by County Clerk Eulalia Hotz that only a few days remain for voter registration for the Nov. 5 general election.

"By law, Oct. 7 is the last day for reporting to the county clerk any changes of address or change of name by marriage or court order. Persons who will attain 21 years of age on or before Nov. 5 must register on or before Oct. 7 to be eligible to vote in the general election," Miss Hotz emphasized.

"If you do not have a voter's certificate of registration (pink card) with the expiration date of July 31, 1972, check with the county clerk's office today to see if you are properly regis-

tered. If you have lost your certificate of registration, a duplicate will be issued upon request.

"Registration requirements are you must be 21 years of age or older on or before the next election, a U.S. citizen, a resident in Illinois one year past, 90 days in the county and 30 days in your precinct."

Deputy registrars are at 10 locations in the Quad-Cities. In Granite City they are Mrs. Olive Sighe, 229 Bryan avenue, who is available in the evenings by appointment; Mrs. Rose Turner, 2141 Waterman avenue, from 6 to 8 p.m.; and Mrs. Elvira Thurber, 1932 State street, from 9 a.m. to 5 p.m. and evenings by appointment.

In Madison, voter registrations are handled by Mrs. Jewell Young, Apt. 12, Grenzer Homes, from 4 to 8 p.m.; City Comptroller E. J. Miller at the city hall from 9 a.m. to 4:30 p.m., and Mrs. Ida Dant, 1715 Third street, evenings only.

In the Venice area, registrations are handled by Roy Musick, 600 Lincoln avenue from 9 a.m. to 8 p.m. and evenings by appointment; and in Eagle Park Acres by Mrs. Catherine Smith, 301 Terry street.

At Mitchell, the deputy registrar is Mrs. Lois Weeks, 119 East Chain of Rocks road, by appointment.

The State Park Place area is served by Mrs. Irene Gavlick, 3303 North 61st street, by appointment.

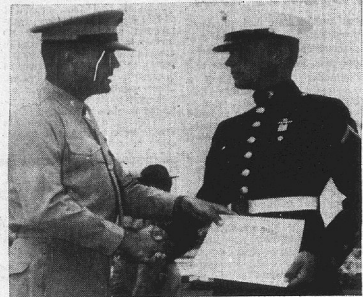

Marine 'Honor Man' Award for Pfc Woods

Marine Edward Woods, son of Mr. and Mrs. John E. Woods, 490 Veezi avenue, has been designated "Honor Man" of his unit and was awarded his Marine Corps dress blue uniform by the publishers of the "Leatherneck" magazine for his accomplishments during recruit training at San Diego, Cal.

Pfc Woods, 20, a 1966 graduate of the Nashville, Tenn. high school, enlisted on June 11. Before entering the service, he was employed at Granite City Steel Co.

He currently is home on leave and is to return to Camp Pendleton on Oct. 17 for four weeks artillery training.

In presenting the "Honor Man" award to Pfc Woods, Lt. Col. E. R. Savoy, commander of the recruit battalion, said judging is based on rifle marksmanship, leadership ability, progress in training, attitude and conduct.

Downtown Fire Alarm Sunday at Lisbon Shop

Firemen were called at 9:50 a.m. Sunday to the Lisbon Shop, 19th street and Edison avenue, where the store was filling with smoke from a burned out ballast. Firemen disconnected the fixture. The loss was set at \$25. Members of the store staff were there taking inventory at the time of the alarm.

Boys Released Here Caught in Stolen Car

In a matter of hours after they had been released in Granite City magistrate court in connection with a theft case, two Granite City juveniles, 14 and 15 years old, were arrested by Missouri highway patrolmen in a car stolen in Venice.

The boys were arrested Thursday night near Arnold, Mo. in a car stolen from a Venice man who had not yet reported the car theft Friday afternoon. Both boys were held at Clayton, Mo., pending disposition of the case. They were released in the earlier case Thursday afternoon.

The car belonged to Everett Fisher, 304 Broadway. Granite City police said the two boys have been involved in approximately 20 thefts or minor crimes during the past year.

Local Rheumatic Fever Program Receives Praise

Eleven local schools were represented at the Granite City Area P.T.A. Council's initial meeting of the 1968-69 school year Thursday evening at Nameoki grade school.

A "Get-Acquainted" pot-luck supper was served to 46 persons, who also heard songs by Leeta Marmon, Miss Granite City, prior to a business meeting and program.

Dr. Benjamin Rose, area council vice-president and program chairman, introduced guest speaker, Larry McConkey, field director of the Illinois Heart Association, who discussed "Rheumatic Heart Disease in Children," illustrating his topic with a film.

The Heart Association official reported that 18 of 28 Madison county schools currently participating in a rheumatic fever preventive program, involving throat swabbing and processing of cultures, are located in Granite City.

2377 Throat Cultures Here
He noted that among 2500 throat cultures taken from Madison county school children during the past school year, a total of 2377 were processed from Granite City youngsters.

The official commended the program of processing the cultures conducted at Granite City high school and a transportation system for handling the samples, organized by PTA volunteers.

Also addressing the PTA group were Supt. of Schools B. J. Davis, who discussed school district policies, and Mrs. Thomas Holland of Wood River, District 29 director.

Mrs. Holland announced that Mrs. Ulla Brazier, president of the Illinois Congress of Parents and Teachers, will address the annual Fall Conference of District 29 on Thursday, Oct. 10, at Grafton school. A dinner is planned for 7:30 p.m. at the Grafton school. Emphasis in the programming will be placed on problems of the pre-school-age child. A skit, entitled "Harpor Valley PTA," also will be presented.

During the business session, conducted by Mrs. Twila McKinney, council president, reports were given by Mrs. Alma Burnett, A. J. Menendez and Mrs. Mary Jesse.

New Executive Board
Mrs. McKinney introduced new executive board members, including Dr. Rose, vice-president; Mrs. Nancy Barnett, corresponding secretary; Mrs. Alma Burnett, recording secretary; Mrs. Kathleen Tadlock, Character and Cultural Arts chairman; Lee Reid, School-Education chairman; Mrs. Donna Brandon, public relations; Mrs. Betty Fecurka and Mrs. Virginia Hamilton, hospitality co-chairmen; City Lehigh, safety director; Mrs. Jesse, legislation; Mrs. Mary Church and Mrs. LaVerne Melzynski, health co-chairmen; Mrs. Betty Ridgeway, PTA Magazine; and Martin Love, Yearbook chairman.

Four school principals attended the council meeting together with representatives from Coolidge and Grigsby junior high schools, and Emerson, Logan, McKinley, Maryville, Mitchell, Nameoki, Parkview, Stallings and Washington grade schools.

Faces 3 Charges

Leroy Pryor, 40, of 815 Franklin street, West Madison, who was arrested for failing to observe a stop sign at Bissell and Meredocia streets, Venice, also was charged with failing to have a gun owner registration card and unlawful use of a weapon. Police said they saw Pryor put something under the seat of his car as they stopped him and found a .22 caliber pistol.

Services Held Today

Services were held this morning at Holy Rosary Church, Fairmont City, for John J. Sak, 82, of Fairmont City, who died Thursday evening at Christin Welfare Hospital, East St. Louis. Among his survivors is a daughter, Mrs. Richard (Clara) Horbelt of Granite City.

McKinley Bridge Toll Increase Starts Tomorrow

Increased vehicular tolls will become effective on McKinley bridge tomorrow in an effort to offset declining revenue resulting from traffic losses to toll-free state bridges opened in the area during the past two years.

The toll on passenger cars will increase from 25 to 30 cents. Other increases will range from two cents to 15 cents, depending upon the type and weight of vehicles.

The new rates are made effective under an ordinance adopted by the city of Venice, owner of McKinley bridge, as the result of a traffic survey conducted on behalf of the bridge bondholders and the bridge's New York consulting engineers. The survey was made after bridge administrators announced revenue would be insufficient to meet \$10,000 in interest on bridge bonds which is due tomorrow.

Coverdale & Colpitts Traffic Engineers of New York, who made the survey, estimated the higher tolls will produce an additional \$106,000 revenue for the bridge operation during the new fiscal year which begins tomorrow and ends Sept. 30, 1969.

Book Price \$4

The minimum increase in the new toll schedule will be confined to ticket books which contain 20 tickets. Under the old schedule each ticket in the book cost 18 cents, or \$3.60 for the book. The new schedule raises the cost of each ticket to 20 cents or \$4 for the book. Tickets are to be good for 30 days from date of sale.

The toll for pickup and panel trucks, now 35 cents, will go to 40 cents. Increases of ten cents will be made in the tolls for two-axle and three-axle trucks.

Two-axle trucks which have been paying 40 cents, will pay 50 cents; three-axle trucks which have been paying 50 cents, will pay 60 cents.

Trucks with four axles that have been paying 60 cents will pay 75 cents. Five axle trucks also will be increased by 15 cents, from 75 to 90 cents.

Tolls for local buses will be increased from 30 to 40 cents, and that for other buses will be raised from 50 to 60 cents. The toll for motor scooters will increase from 20 cents to 25 cents. No change will be made in the 10-cent toll for auto trailers and cycles, or the \$5 toll for extra high or wide loads.

2 GC Park Officials To be on Program

Two Granite City park district officials will be on the program at the annual conference for parks and recreation to be held Nov. 20-23 at Pheasant Run Lodge near St. Charles, Ill.

This joint conference combines the 41st annual meeting of the Illinois Association of Park Districts with the 16th annual meeting of the Illinois Park and Recreation Society.

Barry Laman, vice-president of the park board, will be chairman for a panel discussion on financial problems in parks and recreation in Illinois and Park Supt. Harold Brown will be on a panel for discussion of special facility operations that will cover ice rinks, swimming pools and golf courses.

The three-day program will be devoted to sessions for board members to become better acquainted with current leisure problems and how to best meet these needs of a growing society. It offers an opportunity for parks and recreation professionals to become acquainted with new techniques of management and recreation leadership. There will be a large trade show that will demonstrate many new products available for leisure. There will be some 40 exhibitors at the exhibits.

An entertainment committee has been set up by the host park districts in the DuPage-Kane county area to make sure the wives and guests are well entertained, and the delegates themselves have an ample period of recreation.

The chairman of the general conference committee is W. Lee McCullough, president of the Fox River Valley Pleasure Driveway and Park District at Aurora.

Seven GCHS Students Commended on Ability

Letters of commendation honoring them for their high performance on the 1968 National Merit Scholarship Qualifying Test have been awarded to seven students at Granite City high school, Principal Lawrence C. McCauley announced today.

Those named as commended students are James D. Lumpkin, Perry T. Tongay and Misses Deborah L. Epperson, Marsha A. Love, Lynn Sabin, Patricia Schilling and Janice V. Seymour.

They are among 38,000 students in the U. S. who scored in the upper 2½ of those who will graduate from high school in 1969. The commended students rank just below the 15,000 semifinalists announced in September by the National Merit Scholarship Corporation.

John M. Stalaker, president of NMSC, said, "Although commended students advance no further in the Merit Scholarship competition, their outstanding record in a nationwide program deserve public recognition. Their significant academic attainment gives promise of continued success in college. Scores, and anticipated college majors and career intentions of their education since their intellectual talent represents an important and much needed natural resource. Our nation will benefit from their continuing educational development."

The commended students' names are reported to other scholarship-granting agencies and to the colleges they named as their first and second choices when they took the NMSQT in February 1968. Tri-City Grocery, Kivi Sponsoring Game Show

S. E. Pershall Jr., president of Tri-City Grocery Co., announced today that the Tri-City supermarkets and television station Kivi, Channel 2, are co-sponsoring a new audience participation game show "in which persons in this area, can win up to a thousand dollars in cash at home while enjoying today's liveliest new studio show, with delightful guest stars every day, Monday through Friday, week after week."

"Simply pick up free game cards from any Tri-City Grocery Co. Supermarket each time you're in the store. No purchase is necessary," Pershall said.

Intellectual talent represents an important and much needed natural resource. Our nation will benefit from their continuing educational development."

WOULD YOU LIKE TO RUN A SHELL STATION AND BE YOUR OWN BOSS?

SHELL HAS AN OPPORTUNITY FOR YOU.
If you can make the grade, you'll be in a spot where you can make real money.

If you're ready to be your own boss and step into a ready-made career as a Shell station manager, you'll be on a winning team.

Shell sales are climbing rapidly. More and more customers are discovering how Shell products can make their cars work better—for top performance. And you're the boss. You make the decisions.

But you have help, too. Shell will send you to their Retail Training School free—show you how to run a profitable station.

Can you Qualify?

We'll want to ask you a number of questions, but these two are the most important:

- Do you agree that customer service is the most important factor in running a profitable station?
- Do you have managerial ability? If you can answer "yes" to these questions, and you are interested in a business of your own, we'd like to talk to you.

9 Non-Injury Traffic Crashes Saturday

University Club in the University Center at SIU-SW features a large dining area, kitchen and an outside balcony patio with tables and chairs.

Even though there was no rain to cause slick pavements, a sharp increase in non-injury traffic crashes was noted Saturday by Granite City and Madison police.

Five such mishaps were reported in Granite City and four in Madison.

In Granite City at 3 a.m., the auto of William Hart, 2605 East 27th street, hit island curbing causing a blowout as he was turning right off Madison avenue onto Nameoki road, and his car sustained a light standard.

Pauline Seebold, 2402 Madison avenue, said her car was parked in front of her home when it was struck on the left side by a red pickup truck. Shortly before noon, autos driven by Peter Knecht, 2409 Washington avenue, and Gloria Schiller, No. 18 Bernini lane, collided at 23rd street and Madison avenue. Knecht was ticketed for failure to yield right-of-way while making a left turn.

Involved in a crash at 25th street and Madison avenue were autos driven by Sandra Ray, 3004 Forest avenue, and Gleason Knox, 2445 Edwards street, and involved in a collision at Johnson road and Terrace lane were an auto driven by Ronald Washburn, St. Louis, and a 1968 truck operated by Robert Roth, 3232 Erin drive.

Accidents in Madison

In Madison, Henry Whitehead, 2177 Roberts avenue, reported at 3:30 p.m. that his parked car had been struck by a red hit-run auto on 12th street and Madison avenue.

Autos driven by John Hulak, 923 Washington avenue, and Orville Cochran, 1332 Madison avenue, collided about 5:40 p.m. at 13th street and Madison avenue.

At 8:30 p.m., an auto driven by Floyd Fears, 2828 Nameoki road, crashed into the rear of an auto owned by Artie Young, 1008 Calhoun street, parked in the 1600 block of Market street.

At 9 p.m. in the 1500 block of 12th street, an auto being driven out of an alley by Vernon McClanahan, 707 Twenty-ninth street, collided with a westbound auto operated by Ronnie L. Jamerson, 4545 Walter avenue.

Nameoki Scroggins Cites Record Involving Criminal Cases

State's Atty. Leon Scroggins, Democratic candidate for election, today issued a statement regarding the record in Madison county in defense of his record in the face of current criticisms attaching to his handling of criminal cases.

"During my two years as state's attorney, this office has tried more cases than any previous state's attorney. During my two years our rate of conviction has been higher than any previous state's attorney."

"We are the only office that I am aware of in the U. S. which periodically meets with the investigative officers to discuss new court decisions, trends in the law and how we can obtain effective law enforcement."

"In 1968 the last Republican state's attorney was chosen. In 1969 three felony cases were tried. They were all murder cases. The jury found two defendants not guilty. The third was found to be insane. He dismissed 89 cases while 59 defendants plead guilty."

"In 1968 three cases were tried, 192 were dismissed and 88 plead, and in 1964 three cases were tried, 56 were dismissed and 88 plead."

"There are many reasons why a case may not proceed to trial. Scroggins continued, "In completing witness may refuse to testify, evidence may be suppressed or a multitude of other reasons."

"My opponent has specifically criticized one case, a burglary in which the defendant was sentenced to the penitentiary. Two co-defendants were not tried. The defendant who was sentenced stated the co-defendants know nothing about the burglary."

"I offered to reinstate and case and appoint my opponent as special prosecutor because I believe him to disclose to you his experience in the field of criminal law."

Karen Flack Observes Her Ninth Birthday

Karen Flack observed her ninth birthday Thursday evening at a party given by her parents, Mr. and Mrs. Donald Flack, in their home, 2539 Ivy lane.

Decorations for the party were in a clown theme, and games were played. Several prizes were awarded, followed by the "honoree" opening her gifts.

Guests included Crystal Andrews, Jo Elaine Macias, Toni Farrell, Nancy Berkfield, Robin Painter, Elizabeth Wilcox, James Kunkel, Becky Reymann, Melissa Corcoran, Kristi and Cindy Flack and Janet and Diane Gleason.

Assisting the hosts in serving food were Mrs. Ruby Collins, and Mrs. Patty Giedinghagen. Both are from Behalto.

MRS. SMITHSON HOSTESS TO JOLLY TWELVE

The Jolly 12 club met Thursday in the home of Mrs. Kathryn Smithson, 2529 East 27th street.

A noon two-course luncheon was served by the hosts, with the afternoon spent playing pinocle.

Prizes were won by Mesdames Helen Love, Myrtle Ryan, Jean Barnes, Myrtle Bruns and the hostess. Also present was Mrs. Marceline Jung.

Plans were made to have dinner at the Round Table in Collinsville Oct. 10 to observe the 47th anniversary of the club.

Army Depot Kicks Off United Fund Campaign

About 100 Army Depot workers attended a kickoff meeting for the forthcoming United Fund drive there Friday afternoon in the Post theatre.

Guest speakers were Lawrence Hengehold, civilian executive assistant, Remington Arms Co., and John Seligman, United Fund executive director, and James J. Clark, chairman of the Depot employees drive.

During the talks a film, "A Fair Share, A Good Hope," was shown with questions answered by Solenberger. At the conclusion of the meeting, James J. Clark distributed literature and brochures to the key people who are to solicit funds in the drive.

Contract Talks with Tool, Die Shops Set

A negotiations session is being arranged for this week between Machinists International Association of District Nine and the Metro-St. Louis Joint Bargaining Association which includes the Edison Tool & Die Co., the union announced today.

The association represents 17 tool and die shops in the metropolitan area where strikes were called last Tuesday.

Some contract talks were held last week and 25 shops signed contracts, the union representatives said. The Edison firm, which employs about 20 persons, is the only one in the Quad-Cities involved in the strike. The dispute is on wages and fringe benefits.

Vocational Education Bill is Advancing

Following the announcement at Washington that House-Senate conferees had completed action on the omnibus vocational education bill, on which final congressional action is expected shortly, Rep. Melvin Price, (D) said Friday that he had contacted Gov. Sam Shapiro about the development of a comprehensive vocational education facility in the Madison-St. Clair county area.

The bill as agreed upon in the conferees committee enables discontingued areas to develop vocational education facilities with full state-federal support. Under existing law, the local area was required to meet 50% of the cost. In both cases, the States have jurisdiction over vocational education programs.

Cong. Price, co-sponsor of the new legislation on which favorable action is assured, has been seeking ways for some time to have a school developed in the two-county area.

"This action by the conferees sets the stage for final congressional approval which means that with the cooperation and support of the State of Illinois we can have the vocational education facility we need so badly. This can be a major breakthrough for our area," Price said.

Yelton Honored for Aid To Muscular Dystrophy

Leonard Yelton, who is president of the area Kentucky Fried Chicken dealer group, received a special citation of merit from Thomas Neels of the St. Louis branch of the Muscular Dystrophy Association of America in a recent ceremony.

The award was in recognition of the "Buckets for Hope Day" in which proceeds from sales at the shops in the two-state area were donated to the Muscular Dystrophy Association. The amount was \$52,000. Yelton's shop is at 1510 Johnson road.

UNITED FUND SUNDAY. Completing plans for United Fund Sunday, Oct. 13, are Rev. Carl L. Johnson (left), president of the Tri-Cities Ministerial Association and UF Sunday chairman, John D. Solenberger, UF executive director, and Rev. Paul R. Surbey, pastor of St. John United Church of Christ and a member of the UF Admissions and Distributions committee.

'United Fund Sunday' To be Observed Oct. 13

Sunday, Oct. 13, has been designated United Fund Sunday, and final plans for the day were completed Thursday afternoon at a special meeting in the United Fund offices.

On United Fund Sunday, area clergymen are being asked to make brief announcements during worship services concerning various agencies supported through the annual UF drive. The ministers also will be requested to distribute appropriate booklets to members of their congregations.

Participating in last week's planning session were Rev. Carl Johnson, pastor of the Peace United Evangelical Lu-

Ice Skate 'Swap Day' Scheduled for Oct. 5

An ice skate "swap day" at the Wilson Park ice rink has been scheduled for 1 to 2:30 p.m. on Oct. 5, it is being announced by the park commissioners.

The "swap day" provides an opportunity for skaters to exchange with other individuals to get proper sizes. Last year, the event proved highly successful.

Park commissioners also are planning a special meeting for the near future to begin giving consideration to acquisition of added tracts for park purposes. Permission has been given for the Downtown Retailers Association to place a platform in downtown Civic Park on which a 20-foot Christmas tree is to be located.

Elks Lodge Initiates Eight New Members

Eight new members were initiated by Elks Lodge 1083 in ceremonies conducted yesterday afternoon by William Russell, exalted ruler.

Initiated were Peter Ferro, George Micik, Harry Taylor, Robert Shaw, Earl Roth, Leighton Taylor, Leland Brackett and Charles Gondria.

Following the ceremony, there was a buffet luncheon at 6 p.m. for members and guests, with Phil Spence playing the organ to entertain the group.

Accident in Venice

A car owned by Edna Hoult, 205 Harrison street, Madison, was damaged in the left rear at 2:15 p.m. Thursday when a car driven by Clyde Sanders, Jones Park, Granite City, backed into it on Seventh street in Venice, police reported. Sanders car was undamaged, the report said.

Struck from Behind

While stopped for another auto, the rear of a car driven by Donald R. Northcutt, 2133 Lindell blvd., was struck by an auto driven by Ralph W. Rotter, 2134 Johnson road, at 7:55 a.m. Friday at 1597 Johnson road.

Basic Police Training Course Planned at SIU

A four-week basic training course for police will begin Oct. 6 at Southern Illinois University.

The course will be conducted at the SIU Little Grassy facility by the Division of Technical and Adult Education. Enrollment is limited to 30 full-time officers employed by a local, county or state law enforcement agency.

Officers will receive 160 hours of instruction in traffic problems and control, firearms, Illinois criminal law, collection and preservation of evidence, fingerprinting, civil rights, handling of juveniles and other phases of law enforcement.

Bend Road Man Charged With Agency Burglary

Jimmie Poe, 26, was arrested at his Bend road home Thursday by Granite City detectives and a sheriff's deputy on a charge of burglary.

He was charged with stealing some mechanics tools in a burglary at Woodruffe Oldsmobile last Feb. 21. He was taken to the Madison County jail at Edwardsville pending a court appearance.

Roaring 20's Fete, Displays To be Featured at SIU-SW

An exhibit of old photographs and old clothing, and a movie film of the 1920s will be featured of the "Yesteryears" event being planned by the Friends of the Library of Southern Illinois University-Southwestern campus.

The program will be held at 7:30 p.m., Oct. 8, in the Lovejoy Library auditorium on the new campus and will be open to the public.

For the event, also known as "Golden Twenties Night," loans of old photographs or picture postcards from the 1920s up through the Jazz Age are being requested. Mrs. Charles

Kohl of Granite City is handling such arrangements locally.

On display will be "street scenes" or photographs of events of local area historical interest.

Other items sought for the displays are clothing or hats of the 1920s, and while many such materials have been located, others can still be used. A special attraction is to be an hour-long film entitled "The Golden Twenties," taken from newsreels.

Select Name For Daughter

Mr. and Mrs. Raymond E. Meyenburg, 3315 Franklin avenue, have selected the name of Tracy Renee for their daughter, born Sept. 24 at St. Elizabeth Hospital. The infant weighed six pounds, five ounces.

Mrs. Meyenburg is the former Lois Lee Jones, a daughter of Mr. and Mrs. Paul E. Jones, 2608 Washington avenue. The paternal grandparents are Mr. and Mrs. Clarence Meyenburg, 2731 Sunset drive.
